

CHAPTER 57-38

INCOME TAX

57-38-01. Definitions. As used in this chapter, unless the context or subject matter otherwise requires:

1. "Chronically mentally ill" means a person who, as a result of a mental disorder, exhibits emotional or behavioral functioning which is so impaired as to interfere substantially with the person's capacity to remain in the community without verified supportive treatment or services of a long-term or indefinite duration. This mental disability must be severe and persistent, resulting in a long-term limitation of the person's functional capacities for primary activities of daily living such as interpersonal relationships, homemaking, self-care, employment, and recreation.
2. "Corporation" includes associations, business trusts, joint stock companies, and insurance companies.
3. "Developmental disability" has the same meaning as defined in section 25-01.2-01.
4. "Domestic" when applied to a corporation means created or organized under the laws of North Dakota.
5. "Federal Internal Revenue Code of 1954, as amended", "United States Internal Revenue Code of 1954, as amended", and "Internal Revenue Code of 1954, as amended", mean the United States Internal Revenue Code of 1986, as amended. Reference to the Internal Revenue Code of 1954, as amended, includes a reference to the United States Internal Revenue Code of 1986, as amended, and reference to the United States Internal Revenue Code of 1986, as amended, includes a reference to the provisions of law formerly known as the Internal Revenue Code of 1954, as amended.
 - a. Except that the provisions of section 168(f)(8) of the Internal Revenue Code of 1954, as amended, are not adopted in those instances when the minimum investment by the lessor is less than one hundred percent for the purpose of computing North Dakota taxable income for individuals, estates, trusts, and corporations for taxable years beginning on or after January 1, 1983. Therefore, federal taxable income must be increased, or decreased, as the case may be, to reflect the adoption or nonadoption of the provisions of section 168(f)(8) of the Internal Revenue Code of 1954, as amended, and such adjustments must be made before computing income subject to apportionment.
 - b. Provided, that one-half of the amount not allowed as an accelerated cost recovery system depreciation deduction for the taxable year beginning after December 31, 1982, may be deducted from federal taxable income in each of the next two taxable years beginning after December 31, 1985, and one-half of the amount not allowed as an accelerated cost recovery system depreciation deduction for the taxable year beginning after December 31, 1983, may be deducted from federal taxable income in each of the next two years beginning after December 31, 1987, and one-half of the amount not allowed as an accelerated cost recovery system depreciation deduction for the taxable year beginning after December 31, 1984, may be deducted from federal taxable income in each of the next two taxable years beginning after December 31, 1989. All such adjustments must be made before computing income subject to apportionment.
 - c. Provided, that the depreciation adjustments allowed in subdivision b shall be limited to those eligible assets acquired during taxable years beginning after December 31, 1982. Acquisitions made before taxable years beginning

January 1, 1983, must be depreciated pursuant to the methods permissible under Internal Revenue Code provisions in effect prior to January 1, 1981.

- d. Except that for purposes of applying the Internal Revenue Code of 1954, as amended, with respect to actual distributions made after December 31, 1984, by a domestic international sales corporation, or former domestic international sales corporation, which was a domestic international sales corporation on December 31, 1984, any accumulated domestic international sales corporation income of a domestic international sales corporation, or former domestic international sales corporation, which is derived before January 1, 1985, may not be treated as previously taxed income.
6. "Foreign" when applied to a corporation means created or organized outside of North Dakota.
7. "Mental disorder" means a substantial disorder of the person's emotional processes, thought, cognition, or memory. Mental disorder is distinguished from:
 - a. Conditions which are primarily those of drug abuse, alcoholism, or mental retardation, unless in addition to one or more of these conditions, the person has a mental disorder.
 - b. The declining mental abilities that accompany impending death.
 - c. Character and personality disorders characterized by lifelong and deeply ingrained antisocial behavior patterns, including sexual behaviors which are abnormal and prohibited by statute, unless the behavior results from a mental disorder.
8. "Person" includes individuals, fiduciaries, partnerships, corporations, and limited liability companies.
9. "Qualified investment fund" means any regulated investment company as defined under the Internal Revenue Code, which for the calendar year in which the distribution is paid:
 - a. Has investments in interest-bearing obligations issued by or on behalf of this state, any political subdivision of this state, or the United States government; and
 - b. Has provided the tax commissioner with a detailed schedule of the assets contained in its investment portfolio and a schedule of the income attributable to each asset in its investment portfolio for the calendar year.
10. "Resident" applies only to natural persons and includes, for the purpose of determining liability for the tax imposed by this chapter upon or with reference to the income of any income year, any person domiciled in the state of North Dakota and any other person who maintains a permanent place of abode within the state and spends in the aggregate more than seven months of the income year within the state. A full-time active duty member of the armed forces assigned to a military installation in this state, or the spouse of such a person, is not a "resident" of this state for purposes of this chapter simply by reason of having voted in an election in this state.
11. "Tax commissioner" means the state tax commissioner.
12. "Taxable income" in the case of individuals, estates, trusts, and corporations means the taxable income as computed for an individual, estate, trust, or corporation for federal income tax purposes under the United States Internal Revenue Code of

1954, as amended, plus or minus such adjustments as may be provided by this chapter or other provisions of law. Except as otherwise expressly provided, "taxable income" does not include any amount computed for federal alternative minimum tax purposes.

13. "Taxpayer" includes any individual, corporation, or fiduciary subject to a tax imposed by this chapter.
14. Any term, as used in this code, as it pertains to the filing and reporting of income, deductions, or exemptions or the paying of North Dakota income tax, has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes, unless a different meaning is clearly required or contemplated.

57-38-01.1. Declaration of legislative intent. It is the intent of the legislative assembly to simplify the state income tax laws and to demonstrate that federal legislation is not necessary to deal with certain interstate tax problems, by adopting the federal definition of taxable income as the starting point for the computation of state income tax by all taxpayers and providing the necessary adjustments thereto to substantially preserve and maintain existing exemptions and deductions. It is the further intent of the legislative assembly to eliminate double taxation of the earnings of small corporations by recognizing a subchapter S election when made for federal income tax purposes.

**57-38-01.2. (Effective for taxable years beginning before January 1, 2009)
Adjustments to taxable income for individuals and fiduciaries.**

1. The taxable income of an individual, estate, or trust as computed pursuant to the provisions of the United States Internal Revenue Code of 1954, as amended, shall be:
 - a. Reduced by any interest received from obligations of the United States that is included in taxable income or in the computation thereof on the federal return.
 - b. Reduced by any other income included in the taxable income, or in the computation thereof, on the federal return which is exempt from taxation by this state because of the provisions of the Constitution of North Dakota or the Constitution of the United States.
 - c. Reduced by the amount of federal income tax liability, but not social security and self-employment taxes, as computed under chapter 1 of the Internal Revenue Code of 1954, as amended, for the same taxable year for which the North Dakota return is being filed, to the extent that such taxes are computed upon income which becomes a part of the North Dakota taxable income. Provided, that no adjustment to federal income taxes, paid or accrued, is required because of allowable deductions to federal taxable income made under the cost recovery provisions of subdivision b of subsection 5 of section 57-38-01. However, such federal income tax liability must be reduced by all credits thereon except credits for federal income tax withholding payments, estimates of federal income tax, and income taxes of foreign countries. Federal income taxes for prior periods assessed against the taxpayer by reason of audit or other adjustment by the internal revenue service, or voluntary disclosure by the taxpayer, are not deductible except in the period in which income so taxed was reported or reportable or in which an adjustment was required but only after an adjustment is made by or with the office of the state tax commissioner. A refund of federal income tax must be reported and included in North Dakota taxable income in the year in which the tax was originally deducted.

- d. (1) Reduced by three hundred dollars if the return filed is a joint return by husband and wife. If separate returns are filed by husband and wife, no deduction can be taken under this subdivision. This subdivision shall not be applicable to estates or trusts.
- (2) Reduced by three hundred dollars if the return filed is the return of a "head of household" as defined by the United States Internal Revenue Code of 1954, as amended; provided, that the term "head of household" shall also include a "surviving spouse" as defined by said code.
- (3) Reduced by seven hundred fifty dollars for each adopted child who is under the age of twenty-one years and who is either irreversibly mentally retarded or, on the basis of the annual findings of a licensed physician, is blind or disabled as determined pursuant to the provisions of title XVI of the United States Social Security Act, provided the return filed is the return of the parent of an adopted child and such child qualifies as a dependent of such parent for federal income tax purposes.
- (4) Reduced, up to a maximum of one thousand dollars, by the amount of filing fees, attorney's fees, and travel costs incurred in connection with an adoption and by the actual costs paid to a licensed child-placing agency in making the adoptive study and in supervising and evaluating the adoptive placement. Provided, however, that the reduction allowed under this paragraph shall apply only to such adoption expenses of a child who qualifies under the provisions of paragraph 3.
- (5) Reduced by one thousand seven hundred fifty dollars for each child under the age of twenty-one years adopted by the taxpayer. The reduction under this paragraph may be claimed only by an adoptive parent of an adopted child and the child must qualify as a dependent of the adoptive parent for federal income tax purposes. The reduction may be claimed by only one spouse, for spouses filing separately under this chapter. The reduction provided by this paragraph may be claimed for the taxable year in which the adoption becomes final and any unused portion of the reduction may be carried forward by the taxpayer for up to five taxable years. The reduction does not apply to the adoption of children of the taxpayer's spouse.
- e. Reduced by the actual amount of the medical expenses that were incurred but not allowed on the federal return by reason of the federal medical deduction limitation.
- f. Increased by the amount of any income taxes, or franchise or privilege taxes measured by income, to the extent that such taxes were deducted to determine federal taxable income.
- g. Increased by the amount of any interest and dividends from foreign securities and from securities of state and their political subdivisions exempt from federal income tax; provided, that interest upon obligations of the state of North Dakota or any of its political subdivisions shall not be included.
- h. Except for residents, reduced by the amount of net income not allocated and apportioned to this state under the provisions of chapter 57-38.1, but only to the extent that the amount of net income not allocated and apportioned to this state under the provisions of that chapter is not included in any adjustment made pursuant to the preceding subdivisions.
- i. Repealed by S.L. 2003, ch. 529, § 3.

- j. Reduced by any amount, up to a maximum of five thousand dollars, received pursuant to the firefighters relief associations authorized by chapters 18-05 and 18-11, policemen's pension funds authorized by chapter 40-45, or the highway patrolmen's retirement system authorized by chapter 39-03.1; provided, however, that the adjustment provided in this subdivision shall be reduced by any amount received pursuant to the federal Social Security Act.
- k. Reduced by any amount, up to a maximum of one thousand dollars, received by any person as payment for services performed while on active duty in the armed forces of the United States or as payment for attending periodic training meetings for drill and instruction as a member of the national guard or of a reserve unit of the armed forces of the United States. However, persons serving in the armed forces of the United States, except field grade and general officers, who are stationed outside of any state of the United States or the District of Columbia for not less than thirty days during the tax year shall be allowed an additional reduction of up to three hundred dollars per month for each month or portion of a month received as payment for services performed while on active duty at such location.
- l. Reduced by any amount, up to a maximum of five thousand dollars, received by any person fifty years of age or older as retired military personnel pay for service in the United States army, navy, air force, coast guard, or marine corps or reserve components thereof; provided, however, that the adjustment provided in this subdivision shall be reduced by any amount received pursuant to the federal Social Security Act.
- m. Reduced by the amount of interest received during that taxable year on a contract for deed on the sale of eighty or more acres [32.37 or more hectares] of agricultural land to a beginning farmer. The contract for deed must extend for not less than ten years and have an annual interest rate equal to or less than the minimum rate allowed by the internal revenue service before interest is imputed. In order for an individual, estate, or trust to qualify for this reduction, the taxpayer must obtain a statement from the buyer stating that the buyer meets all requirements of the beginning farmer definition, together with such other information as the state tax commissioner may require. The value placed on any real property located in North Dakota and owned by the buyer must be the amount listed as the true and full value on the most recent real estate tax statement for that particular piece of property. In determining the net worth of any person, including the person's dependents and spouse, if any, for purposes of this subdivision, the value of their equity in their principal residence, the value of one personal or family motor vehicle, and the value of their household goods, including furniture, appliances, musical instruments, clothing, and other personal belongings may not be included. This statement must be filed along with the income tax return. For the purposes of this subdivision, "beginning farmer" means any person who is:

 - (3) Intending to use any farmland to be purchased or rented for agricultural purposes.
 - (4) Except for contracts for deed entered into prior to July 1, 1985, having adequate training by education in the type of farming operation which the person wishes to begin through satisfactory participation in the adult farm management education program of the state board for career and

technical education or an equivalent program approved by the agriculture commissioner.

- (5) Having, including the net worth of any dependents and spouse, a net worth of less than one hundred thousand dollars.
- n. Reduced by the amount of interest received during that taxable year on a contract on the sale of any land, buildings, improvements, and equipment associated with the land, buildings, or improvements, used or useful in connection with a revenue-producing enterprise to a beginning businessman, excluding beginning farmers as defined in subdivision m. The contract must extend for not less than ten years and have an annual interest rate equal to or less than the minimum rate allowed by the internal revenue service before interest is imputed. In order for an individual, estate, or trust to qualify for this reduction, the taxpayer must obtain a statement from the buyer containing a list of the buyer's assets and debts and giving the buyer's net worth, together with any other information required by the state tax commissioner. The value placed on any real property located in North Dakota and owned by the buyer shall be the amount listed as the current market value on the most recent real estate tax statement for that particular piece of property. In determining the net worth of any person, including that person's dependents and spouse, if any, the value of their equity in their principal residence, the value of one personal or family motor vehicle, and the value of their household goods, including furniture, appliances, musical instruments, clothing, and other personal belongings is not to be included. This statement is to be filed along with the income tax return. For the purposes of this subdivision, "beginning businessman", excluding beginning farmers as defined in subdivision m, means any person who is:
 - (1) A resident of this state.
 - (2) Receiving more than one-half of that person's gross annual income from a revenue-producing enterprise, unless the person initially commences business during the tax year for which an adjustment will be claimed under this subdivision.

For purposes of this subdivision, "financial institution" means any organization authorized to do business under state or federal laws relating to financial institutions, including banks and trust companies, savings banks, building and loan associations, savings and loan companies or associations, and credit unions.
- p. Repealed by S.L. 1999, ch. 487, § 3.
- q. Reduced by the amount, up to a maximum of five thousand dollars for any person or ten thousand dollars if a joint return is filed, of investment made after January 1, 1989, in a venture capital corporation organized pursuant to chapter

10-30.1. This deduction may only be taken in the tax year in which the taxpayer qualifies for a credit pursuant to chapter 10-30.1. However, a taxpayer that makes an investment in a venture capital corporation on or after July 1, 1989, is only entitled to a deduction if the venture capital corporation uses the funds it receives from the taxpayer to invest or provide financing to qualified entities, which entities do not include a business or an affiliate of a business that owns tax-exempt securities.

- r. Reduced by any amount, up to a maximum of five thousand dollars, received as retirement benefits paid by the United States, a territory or possession or political subdivision thereof, the government of the District of Columbia, or an agency or instrumentality of one or more of the foregoing, other than retired military personnel pay, as exempted in subdivision l; provided, however, that the adjustment provided in this subdivision must be reduced by any amount received pursuant to the federal Social Security Act.
- s. Reduced by the portion of a distribution from a qualified investment fund described in section 57-38-01 which is attributable to investments by the qualified investment fund in obligations of the United States, obligations of North Dakota or its political subdivisions, and any other obligation the interest from which is exempt from state income tax under federal statute or United States or North Dakota constitutional provisions; provided the amount of the distribution excluded under this subdivision is included in federal taxable income.
- t. Reduced by an amount equal to the earnings that are passed through to a taxpayer in connection with an allocation and apportionment to North Dakota under chapter 57-35.3.
- u. Reduced by the amount received by the taxpayer as payment for services performed when mobilized under title 10 United States Code federal service as a member of the national guard or reserve member of the armed forces of the United States. An individual claiming the reduction under this subdivision may not also claim the reduction under subdivision k for the time the individual was under federal orders for active duty and may not claim a reduction on income already excluded from federal taxation due to service in a combat or hazardous duty zone. This subdivision does not apply to federal service while attending annual training, basic military training, or professional military education.
- v. Reduced by up to ten thousand dollars of qualified expenses that are related to a donation by a taxpayer or a taxpayer's dependent, while living, of one or more human organs to another human being for human organ transplantation. A taxpayer may claim the reduction in this subdivision only once for each instance of organ donation during the taxable year in which the human organ donation and the human organ transplantation occurs but if qualified expenses are incurred in more than one taxable year, the reduction for those expenses must be claimed in the year in which the expenses are incurred. For purposes of this subdivision:
 - (1) "Human organ transplantation" means the medical procedure by which transfer of a human organ is made from the body of one person to the body of another person.
 - (2) "Organ" means all or part of an individual's liver, pancreas, kidney, intestine, lung, or bone marrow.

income, whether or not the taxpayer itemizes federal income tax deductions, and not already deducted under subdivision e.

- w. Increased by the amount of the contribution upon which the credit under section 57-38-01.21 is computed, but only to the extent that the contribution reduced federal taxable income.

Provided, however, that each adjustment in the above subdivisions authorized under law shall be allowed only to the extent that the adjustment is allocated and apportioned to North Dakota income.

- 2. The tax commissioner is hereby authorized to prescribe rules and regulations to prevent requiring income that had been previously taxed under this chapter from being taxed again because of the provisions of this chapter and to prescribe rules and regulations to prevent any income from becoming exempt from taxation because of the provisions of this chapter if it would otherwise have been subject to taxation under the provisions of this chapter.

(Effective for taxable years beginning after December 31, 2008) Adjustments to taxable income for individuals and fiduciaries.

- 1. The taxable income of an individual, estate, or trust as computed pursuant to the provisions of the United States Internal Revenue Code of 1954, as amended, shall be:
 - a. Reduced by any interest received from obligations of the United States that is included in taxable income or in the computation thereof on the federal return.
 - b. Reduced by any other income included in the taxable income, or in the computation thereof, on the federal return which is exempt from taxation by this state because of the provisions of the Constitution of North Dakota or the Constitution of the United States.
 - c. Reduced by the amount of federal income tax liability, but not social security and self-employment taxes, as computed under chapter 1 of the Internal Revenue Code of 1954, as amended, for the same taxable year for which the North Dakota return is being filed, to the extent that such taxes are computed upon income which becomes a part of the North Dakota taxable income. Provided, that no adjustment to federal income taxes, paid or accrued, is required because of allowable deductions to federal taxable income made under the cost recovery provisions of subdivision b of subsection 5 of section 57-38-01. However, such federal income tax liability must be reduced by all credits thereon except credits for federal income tax withholding payments, estimates of federal income tax, and income taxes of foreign countries. Federal income taxes for prior periods assessed against the taxpayer by reason of audit or other adjustment by the internal revenue service, or voluntary disclosure by the taxpayer, are not deductible except in the period in which income so taxed was reported or reportable or in which an adjustment was required but only after an adjustment is made by or with the office of the state tax commissioner. A refund of federal income tax must be reported and included in North Dakota taxable income in the year in which the tax was originally deducted.
 - d. (1) Reduced by three hundred dollars if the return filed is a joint return by husband and wife. If separate returns are filed by husband and wife, no deduction can be taken under this subdivision. This subdivision shall not be applicable to estates or trusts.

- (2) Reduced by three hundred dollars if the return filed is the return of a "head of household" as defined by the United States Internal Revenue Code of 1954, as amended; provided, that the term "head of household" shall also include a "surviving spouse" as defined by said code.
- (3) Reduced by seven hundred fifty dollars for each adopted child who is under the age of twenty-one years and who is either irreversibly mentally retarded or, on the basis of the annual findings of a licensed physician, is blind or disabled as determined pursuant to the provisions of title XVI of the United States Social Security Act, provided the return filed is the return of the parent of an adopted child and such child qualifies as a dependent of such parent for federal income tax purposes.
- (4) Reduced, up to a maximum of one thousand dollars, by the amount of filing fees, attorney's fees, and travel costs incurred in connection with an adoption and by the actual costs paid to a licensed child-placing agency in making the adoptive study and in supervising and evaluating the adoptive placement. Provided, however, that the reduction allowed under this paragraph shall apply only to such adoption expenses of a child who qualifies under the provisions of paragraph 3.
- (5) Reduced by one thousand seven hundred fifty dollars for each child under the age of twenty-one years adopted by the taxpayer. The reduction under this paragraph may be claimed only by an adoptive parent of an adopted child and the child must qualify as a dependent of the adoptive parent for federal income tax purposes. The reduction may be claimed by only one spouse, for spouses filing separately under this chapter. The reduction provided by this paragraph may be claimed for the taxable year in which the adoption becomes final and any unused portion of the reduction may be carried forward by the taxpayer for up to five taxable years. The reduction does not apply to the adoption of children of the taxpayer's spouse.
- e. Reduced by the actual amount of the medical expenses that were incurred but not allowed on the federal return by reason of the federal medical deduction limitation.
- f. Increased by the amount of any income taxes, or franchise or privilege taxes measured by income, to the extent that such taxes were deducted to determine federal taxable income.
- g. Increased by the amount of any interest and dividends from foreign securities and from securities of state and their political subdivisions exempt from federal income tax; provided, that interest upon obligations of the state of North Dakota or any of its political subdivisions shall not be included.
- h. Except for residents, reduced by the amount of net income not allocated and apportioned to this state under the provisions of chapter 57-38.1, but only to the extent that the amount of net income not allocated and apportioned to this state under the provisions of that chapter is not included in any adjustment made pursuant to the preceding subdivisions.
- i. Reduced by any amount, up to a maximum of five thousand dollars, received pursuant to the firefighters relief associations authorized by chapters 18-05 and 18-11, policemen's pension funds authorized by chapter 40-45, or the highway patrolmen's retirement system authorized by chapter 39-03.1; provided, however, that the adjustment provided in this subdivision shall be reduced by any amount received pursuant to the federal Social Security Act.

However, persons serving in the armed forces of the United States, except field grade and general officers, who are stationed outside of any state of the United States or the District of Columbia for not less than thirty days during the tax year shall be allowed an additional reduction of up to three hundred dollars per month for each month or portion of a month received as payment for services performed while on active duty at such location.
- k. The contract for deed must extend for not less than ten years and have an annual interest rate equal to or less than the minimum rate allowed by the internal revenue service before interest is imputed. In order for an individual, estate, or trust to qualify for this reduction, the taxpayer must obtain a statement from the buyer stating that the buyer meets all requirements of the beginning farmer definition, together with such other information as the state tax commissioner may require. The value placed on any real property located in North Dakota and owned by the buyer must be the amount listed as the true and full value on the most recent real estate tax statement for that particular piece of property. The value placed on any real property located in North Dakota and owned by the buyer shall be the amount listed as the current market value on the most recent real estate tax statement for that particular piece of property. In determining the net worth of any person, including that person's dependents and spouse, if any, the value of their equity in their principal residence, the value of one personal or family motor vehicle, and the value of their household goods, including furniture, appliances, musical instruments, clothing, and other personal belongings is not to be included. Sections 852(b)(7) and 855 of the Internal Revenue Code of 1986, as amended, apply for computing the deduction for dividends paid. A regulated investment company is not allowed a deduction for dividends received as defined in sections 243 through 245 of the Internal Revenue Code of 1986, as amended.
 - i. Increased by the amount of the deduction allowable under section 199 of the Internal Revenue Code [26 U.S.C. 199], but only to the extent of the deduction taken to determine federal taxable income.

If a corporation uses an apportionment formula to determine the amount of income that is attributable to North Dakota, the corporation must use the same formula to determine the amount of net operating loss that is attributable to North Dakota. For the purposes of this subdivision, the words "an individual who performs services for a common carrier engaged in interstate transportation" must be limited to an individual who performs such services for a common carrier only during the course of making regular "runs" into North Dakota or from within North Dakota to outside North Dakota, or both, on the transportation system of the common carrier.

- b. Income derived from business activity carried on by residents of this state, whether the business activity is conducted as a sole proprietorship, or through a partnership, subchapter S corporation, or other passthrough entity, must be assigned to this state without regard to where the business activity is conducted, and the provisions of chapter 57-38.1 do not apply. If the taxpayer believes the operation of this subdivision with respect to the taxpayer's income is unjust, the taxpayer may petition the tax commissioner who may allow use of another method of reporting income, including separate accounting.
 - c. If a tax is paid to another state or territory of the United States or to the District of Columbia on any income assigned to this state under this subsection, a credit for any tax so paid may be deducted from the tax assessed under this chapter; provided, that this credit for the tax may not exceed the proportion of the tax otherwise due under this chapter that the amount of the taxpayer's adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's adjusted gross income as computed pursuant to the Internal Revenue Code of 1954, as amended. The tax commissioner may require written proof of the tax paid to another state. The required proof shall be provided in a form and manner as determined by the tax commissioner.
- 7. All other items of gross income must be assigned to the taxpayer's domicile.
 - 8. The privileges granted nonresidents apply only when other states grant to the residents of North Dakota the same privilege.

This section applies to every income year beginning after December 31, 1956.

57-38-05. Certain income of nonresidents not taxed. Unless the income, gains, or both, arise from transactions in the regular course of the taxpayer's trade or business carried on in this state, or unless the acquisition, management, and disposition of intangible personal property constitutes a trade or business carried on in this state, or unless the income, gains, or both, arise from gaming activity carried on in this state, income of nonresidents derived from land contracts, mortgages, stocks, bonds, or other intangible personal property, or from the sale of intangible personal property, may not be taxed.

57-38-06. General provisions applicable to nonresidents. The provisions of law applicable to the assessment, levy, and collection of income taxes from resident individuals, as to income, taxable income, adjustments to taxable income, and the allocation or proration of any such items, and all other provisions not inconsistent with the provisions of this chapter especially made applicable to nonresidents, govern the levy and collection of income taxes from nonresident individuals.

57-38-06.1. Exemptions for nonresident individual. Notwithstanding any other provisions of law, nonresident individuals must be permitted to deduct for North Dakota income tax purposes exemptions as prorated by the ratio that the North Dakota income bears to the total income of the nonresident individual.

57-38-07. Tax imposed on fiduciaries - Charge against estate or trust. The tax imposed by this chapter applies to and becomes a charge against estates and trusts with respect to their taxable income as defined in this chapter and the rates must be the same as those applicable to individuals. The fiduciary is responsible for making the return of income for the estate or trust for which the fiduciary acts, whether such income is taxable to the estate or trust or to the beneficiaries thereof. Fiduciaries required to make returns are subject to all of the provisions of this chapter which apply to individuals.

57-38-07.1. Taxation of two or more member limited liability companies. For purposes of this chapter, a limited liability company having two or more members that is formed under either the laws of this state or under similar laws of another state, and that is considered to be a partnership for federal income tax purposes, is considered to be a partnership and the

members must be considered to be partners. A limited liability company having two or more members that is not treated as a partnership for federal income tax purposes must be treated as a corporation for state tax purposes.

57-38-07.2. Taxation of single-member limited liability companies. For purposes of this chapter, a limited liability company having a single member which is formed under either the laws of this state or under similar laws of another state and that is considered to be a corporation for federal income tax purposes is considered to be a corporation for state tax purposes. A limited liability company having a single member which is not treated as a corporation for federal income tax purposes is disregarded as an entity separate from its owner for state tax purposes.

57-38-08. Partnerships not subject to tax. Partnerships are not subject to tax under this chapter. Persons carrying on a business as partners are taxable on their respective shares of the partnership's income, gain, loss, and deduction included in the partner's federal taxable income, as provided under section 57-38-08.1.

57-38-08.1. Allocation and apportionment of partnership income - Taxation of partners.

1. A partnership that carries on its business activity entirely within this state shall report all of its income or loss to this state. A partnership that carries on its business activity within and without this state shall allocate and apportion its income or loss to this state in the same manner as the income or loss of a corporation is allocated and apportioned to the state under chapter 57-38.1.
2. Resident partners, limited to individuals, estates, and trusts, must report their entire distributive share to this state as provided in subdivision b of subsection 6 of section 57-38-04, and may claim a credit for taxes paid to another state on that portion of their distributive share attributable to and taxed by another state, as provided in subdivision c of subsection 6 of section 57-38-04.
3.
 - a. In determining the gross income of a nonresident partner, limited to individuals, estates, and trusts, there must be included only that part derived from or connected with sources in this state of the partner's distributive share of items of partnership income, gain, loss and deduction, or item thereof, entering into the federal taxable income of the partner, as determined under section 57-38-04. Except as otherwise provided in this subdivision, guaranteed payments paid to nonresident partners of a partnership that has business activity in this state are treated as a distributive share of partnership income for state tax purposes. In the case of a professional service partnership, the portion of a guaranteed payment paid to a nonresident partner attributable to a reasonable salary may not be treated as a distributive share. The portion of the guaranteed payment not treated as a distributive share that is for services performed in this state must be assigned as provided under subsection 1 of section 57-38-04. For purposes of this subdivision, "professional service partnership" means a partnership that engages in the practice of law, accounting, medicine, and any other profession in which neither capital nor the services of employees are a material income-producing factor.
 - b. In determining the sources of a nonresident partner's income, no effect shall be given to a provision in the partnership agreement which:
 - (1) Characterizes payments to the partners as being for services or for the use of capital or allocates to the partner, as income or gain from sources outside this state, a greater proportion of the partner's distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside this state to partnership income or gain from all sources, except as authorized in subdivision d; or

- (2) Allocates to the partner a greater proportion of a partnership item of loss or deduction connected with sources in this state than the proportionate share of the partner, for federal income tax purposes, of partnership loss or deduction generally, except as authorized in subdivision d.
- c. Any modification to federal taxable income described in this chapter that relates to an item of partnership income, gain, loss, or deduction, or item thereof, must be made in accordance with the partner's distributive share, for federal income tax purposes, of the item to which the modification relates, but limited to the partner's portion of the item derived from or connected with sources in this state.
- d. On application, the commissioner may authorize the use of other methods of determining a nonresident partner's portion of partnership items derived from or connected with sources in this state, and the related modifications, as may be appropriate and equitable, on the terms and conditions as it may require.

57-38-09. Exempt organizations.

1. A person or organization exempt from federal income taxation under the provisions of the Internal Revenue Code of 1954, as amended, is also exempt from the tax imposed by this chapter in each year such person or organization satisfies the requirements of the Internal Revenue Code of 1954, as amended, for exemption from federal income taxation. If the exemption applicable to any person or organization under the provisions of the Internal Revenue Code of 1954, as amended, is limited or qualified in any manner, the exemption from taxes imposed by this section must be limited or qualified in a similar manner.
2. Notwithstanding the provisions of subsection 1, the unrelated business taxable income, as computed under the provisions of the Internal Revenue Code of 1954, as amended, of any person or organization otherwise exempt from the tax imposed by this chapter and subject to the tax imposed on unrelated business income by the Internal Revenue Code of 1954, as amended, is subject to the tax which would have been imposed by this chapter but for the provisions of subsection 1.
3. In addition to the persons or organizations exempt from federal income taxation under the provisions of the Internal Revenue Code of 1954, as amended, there shall also be exempt from the tax imposed by this chapter insurance companies doing business in the state and paying a tax upon the gross amount of premiums received in the state.

57-38-09.1. Organizations exempt from income tax - File return. Any organization exempt from taxation pursuant to section 57-38-09 must provide the tax commissioner, in such form and manner as may be prescribed by the tax commissioner, information as is necessary to enable the tax commissioner to determine the exempt status of the organization.

57-38-10. Allocation and apportionment of partnership income. Repealed by S.L. 2001, ch. 525, § 4.

57-38-11. Annual tax on corporations. The tax imposed by this chapter must be levied, collected, and paid annually with respect to its North Dakota income, as hereinafter defined, received by every corporation doing business in this state.

57-38-12. Allocation of corporation income. Repealed by S.L. 2003, ch. 528, § 4.

57-38-13. General provisions related to allocation of corporation income. Repealed by S.L. 2003, ch. 528, § 4.

57-38-14. General provisions relating to corporate income. The following principles may be applied in determining North Dakota income:

1. Any corporation organized under the laws of North Dakota and subject to a tax under the provisions of this chapter, which maintains no regular place of business outside this state, except a statutory office, must be taxed upon its entire income.
2. Corporations engaged in business within and without this state may be taxed only on such income as is derived from business transacted and property located within this state. The amount of such income apportionable to North Dakota must be determined as provided in chapter 57-38.1.
3. Any corporation liable to report under this chapter and owning or controlling, either directly or indirectly, substantially all of the voting capital stock of another corporation, or of other corporations, may be required to make a consolidated report showing the combined income, such assets of the corporation as are required for the purposes of this chapter, and such other information as the tax commissioner may require, but excluding intercorporate stock holdings and intercorporate accounts.
4. Any corporation liable to report under this chapter and owned or controlled either directly or indirectly by another corporation may be required to make a report consolidated with the owning company, showing the combined income, such assets of the corporation as are required for the purposes of this chapter, and such other information as the tax commissioner may require, but excluding intercorporate stock holdings and intercorporate accounts.
5. In case it appears to the tax commissioner that any arrangement exists in such a manner as to reflect improperly the business done, the segregable assets, or the entire income earned from business done in this state, the tax commissioner is authorized and empowered, in such manner as the tax commissioner may determine, to adjust the tax equitably.
6. The tax commissioner may permit or require the filing of a combined report if substantially all the voting capital stock of two or more corporations liable to report under this chapter is owned or controlled by the same interests. The tax commissioner may impose the tax provided by this chapter as though the combined entire income and segregated assets were those of one corporation, but in the computation, dividends received from any corporation whose assets, as distinguished from shares of stock, are included in the segregations may not be included in the income.
7. When any corporation required to make a return under this chapter conducts the business, whether under agreement or otherwise, in such manner as directly or indirectly to benefit the members or stockholders of the corporation, or any of them, or any person or persons, directly or indirectly interested in such business, by selling its products, or the goods or commodities in which it deals, at less than a fair price which might be obtained therefor, or if such a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products of the corporation owning the substantial portion of its capital stock, in such manner as to create a loss or improper income, the tax commissioner may require such facts as the tax commissioner deems necessary for the proper computation provided by this chapter, and for the purposes of this chapter may determine the amount which must be deemed to be the entire income, of the business of such corporation for the calendar or fiscal year. In determining such entire income, the tax commissioner shall have regard to the fair profits which, but for any agreement, arrangement, or understanding, might be or could have been obtained from dealing in such products, goods, or commodities.

8. If it appears to the tax commissioner that the segregation of assets shown by any report made under this chapter does not reflect properly the corporate activity or business done, or the income earned from corporate activity, or from business done in this state because of the character of the corporation's business and the character and location of its assets, the tax commissioner is authorized and empowered to adjust the tax equitably.
9. Notwithstanding any other provision of law, two or more North Dakota domestic corporations, affiliated as parent and subsidiary, and filing a federal consolidated tax return, shall file a combined report and consolidated return for income tax under this chapter.

The credit consists of a deduction from the net tax as computed under section 57-38-30 of one percent of the annual gross amount expended by the corporation for salaries and wages within the state of North Dakota for each of the first three taxable years, and a deduction from the net tax as computed under section 57-38-30 of one-half of one percent of the annual gross amount expended by the corporation for salaries and wages within the state of North Dakota for each of the fourth and fifth taxable years. After the fifth taxable year, no further deduction is allowed, and the corporation must be taxed in accordance with the schedule provided in section 57-38-30 without credit. For the purpose of this section, new industry is defined as a corporate enterprise engaged in assembling, fabricating, manufacturing, mixing, or processing of any agricultural, mineral, or manufactured products or any combination thereof.

57-38-30.3. Simplified method of computing tax.

1. A tax is hereby imposed for each taxable year upon income earned or received in that taxable year by every resident and nonresident individual, estate, and trust. A taxpayer computing the tax under this section is only eligible for those adjustments or credits that are specifically provided for in this section. Provided, that for purposes of this section, any person required to file a state income tax return under this chapter, but who has not computed a federal taxable income figure, shall compute a federal taxable income figure using a pro forma return in order to determine a federal taxable income figure to be used as a starting point in computing state income tax under this section. The tax for individuals is equal to North Dakota taxable income multiplied by the rates in the applicable rate schedule in subdivisions a through d corresponding to an individual's filing status used for

federal income tax purposes. For an estate or trust, the schedule in subdivision e must be used for purposes of this subsection.

f. For an individual who is not a resident of this state for the entire year, or for a nonresident estate or trust, the tax is equal to the tax otherwise computed under this subsection multiplied by a fraction in which:

- (1) The numerator is the federal adjusted gross income allocable and apportionable to this state; and
- (2) The denominator is the federal adjusted gross income from all sources reduced by the net income from the amounts specified in subdivisions a and b of subsection 2.

In the case of married individuals filing a joint return, if one spouse is a resident of this state for the entire year and the other spouse is a nonresident for part or all of the tax year, the tax on the joint return must be computed under this subdivision.

- g. For taxable years beginning after December 31, 2001, the tax commissioner shall prescribe new rate schedules that apply in lieu of the schedules set forth in subdivisions a through e. The new schedules must be determined by increasing the minimum and maximum dollar amounts for each income bracket for which a tax is imposed by the cost-of-living adjustment for the taxable year as determined by the secretary of the United States treasury for purposes of section 1(f) of the United States Internal Revenue Code of 1954, as amended. For this purpose, the rate applicable to each income bracket may not be changed, and the manner of applying the cost-of-living adjustment must be the same as that used for adjusting the income brackets for federal income tax purposes.
- 2. For purposes of this section, "North Dakota taxable income" means the federal taxable income of an individual, estate, or trust as computed under the Internal Revenue Code of 1986, as amended, adjusted as follows:
 - a. Reduced by interest income from obligations of the United States and income exempt from state income tax under federal statute or United States or North Dakota constitutional provisions.
 - b. Reduced by the portion of a distribution from a qualified investment fund described in section 57-38-01 which is attributable to investments by the qualified investment fund in obligations of the United States, obligations of North Dakota or its political subdivisions, and any other obligation the interest from which is exempt from state income tax under federal statute or United States or North Dakota constitutional provisions.
 - c. Reduced by the amount equal to the earnings that are passed through to a taxpayer in connection with an allocation and apportionment to North Dakota under chapter 57-35.3.
 - d. Reduced by thirty percent of the excess of the taxpayer's net long-term capital gain for the taxable year over the net short-term capital loss for that year, as computed for purposes of the Internal Revenue Code of 1986, as amended. The adjustment provided by this subdivision is allowed only to the extent the net long-term capital gain is allocated to this state.
 - e. Increased by the amount of a lump sum distribution for which income averaging was elected under section 402 of the Internal Revenue Code of 1986 [26 U.S.C. 402], as amended. This adjustment does not apply if the taxpayer received the lump sum distribution while a nonresident of this state and the distribution is exempt from taxation by this state under federal law.
 - f. Increased by an amount equal to the losses that are passed through to a taxpayer in connection with an allocation and apportionment to North Dakota under chapter 57-35.3.
 - g. Reduced by the amount received by the taxpayer as payment for services performed when mobilized under title 10 United States Code federal service as a member of the national guard or reserve member of the armed forces of the United States. This subdivision does not apply to federal service while attending annual training, basic military training, or professional military education.
 - h. Reduced by income from a new and expanding business exempt from state income tax under section 40-57.1-04.
 - i. Reduced by interest and income from bonds issued under chapter 11-37.

- j. Reduced by up to ten thousand dollars of qualified expenses that are related to a donation by a taxpayer or a taxpayer's dependent, while living, of one or more human organs to another human being for human organ transplantation. A taxpayer may claim the reduction in this subdivision only once for each instance of organ donation during the taxable year in which the human organ donation and the human organ transplantation occurs but if qualified expenses are incurred in more than one taxable year, the reduction for those expenses must be claimed in the year in which the expenses are incurred. For purposes of this subdivision:
 - (1) "Human organ transplantation" means the medical procedure by which transfer of a human organ is made from the body of one person to the body of another person.
 - (2) "Organ" means all or part of an individual's liver, pancreas, kidney, intestine, lung, or bone marrow.
 - (3) "Qualified expenses" means lost wages not compensated by sick pay and unreimbursed medical expenses as defined for federal income tax purposes, to the extent not deducted in computing federal taxable income, whether or not the taxpayer itemizes federal income tax deductions.
 - k. Increased by the amount of the contribution upon which the credit under section 57-38-01.21 is computed, but only to the extent that the contribution reduced federal taxable income.
 - l. Reduced by the amount of any payment received by a veteran or beneficiary of a veteran under section 37-28-03 or 37-28-04.
- 3. Married individuals filing a joint federal income tax return shall file a joint state income tax return if the return is filed under this section. If separate federal income tax returns are filed, one spouse's state income tax return may be filed under this section and the other spouse's income tax return may be filed under the other provisions of this chapter.
 - 4.
 - a. A resident individual, estate, or trust must be allowed a credit against the tax otherwise due under this section for the amount of any income tax imposed on the taxpayer for the taxable year by another state or territory of the United States or the District of Columbia on income derived from sources therein and which is also subject to tax under this section.
 - b. The credit provided under this subsection may not exceed the proportion of the tax otherwise due under this section that the amount of the taxpayer's adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's federal adjusted gross income as reported on the taxpayer's federal income tax return.
 - c. The tax commissioner may require written proof of the tax paid to another state. The required proof must be provided in a form and manner as determined by the tax commissioner.
 - 5. Individuals, estates, or trusts that file an amended federal income tax return changing their federal taxable income figure for a year for which an election to file state income tax returns has been made under this section shall file an amended state income tax return to reflect the changes on the federal income tax return.
 - 6. The tax commissioner may prescribe procedures and guidelines to prevent requiring income that had been previously taxed under this chapter from becoming taxed

again because of the provisions of this section and may prescribe procedures and guidelines to prevent any income from becoming exempt from taxation because of the provisions of this section if it would otherwise have been subject to taxation under the provisions of this chapter.

7. A taxpayer filing a return under this section is entitled to the credit provided under section 57-38-01.20.
8. A taxpayer filing a return under this section is entitled to the exemptions or credits provided under sections 40-63-04, 40-63-06, and 40-63-07.
9.
 - a. A taxpayer is entitled to a credit against the tax imposed by this section for any unused federal credit for prior year minimum tax. "Unused federal credit for prior year minimum tax" means the amount of the federal credit for prior year minimum tax attributable to federal alternative minimum tax included in the taxpayer's federal income tax liability for purposes of this section for taxable years beginning before January 1, 2001, reduced by the total amount of the federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return for all taxable years beginning after December 31, 2000.
 - b. The credit under this subsection is equal to fourteen percent of the portion of the unused federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return and may not exceed the taxpayer's tax liability under this section for the taxable year. For a nonresident taxpayer, the credit determined under this subsection must be multiplied by the percentage that the nonresident taxpayer's North Dakota adjusted gross income is of the nonresident's federal adjusted gross income.
 - c. The credit under this subsection is not allowed for taxable years beginning after December 31, 2004.
10.
 - a. If an individual taxpayer engaged in a farming business elects to average farm income under section 1301 of the Internal Revenue Code [26 U.S.C. 1301], the taxpayer may elect to compute tax under this subsection. If an election to compute tax under this subsection is made, the tax imposed by subsection 1 for the taxable year must be equal to the sum of the following:
 - (1) The tax computed under subsection 1 on North Dakota taxable income reduced by elected farm income.
 - (2) The increase in tax imposed by subsection 1 which would result if North Dakota taxable income for each of the three prior taxable years were increased by an amount equal to one-third of the elected farm income. However, if other provisions of this chapter other than this section were used to compute the tax for any of the three prior years, the same provisions in effect for that prior tax year must be used to compute the increase in tax under this paragraph. For purposes of applying this paragraph to taxable years beginning before January 1, 2001, the increase in tax must be determined by recomputing the tax in the manner prescribed by the tax commissioner.
 - b. For purposes of this subsection, "elected farm income" means that portion of North Dakota taxable income for the taxable year which is elected farm income as defined in section 1301 of the Internal Revenue Code of 1986 [26 U.S.C. 1301], as amended, reduced by the portion of an exclusion claimed under subdivision d of subsection 2 that is attributable to a net long-term capital gain included in elected farm income.

- c. The reduction in North Dakota taxable income under this subsection must be taken into account for purposes of making an election under this subsection for any subsequent taxable year.
 - d. The tax commissioner may prescribe rules, procedures, or guidelines necessary to administer this subsection.
11. The tax commissioner may prescribe tax tables, to be used in computing the tax according to subsection 1, if the amounts of the tax tables are based on the tax rates set forth in subsection 1. If prescribed by the tax commissioner, the tables must be followed by every individual, estate, or trust determining a tax under this section.
 12. An individual, estate, or trust is entitled to a credit against the tax determined under this section as calculated under section 57-38.6-03.
 13. A taxpayer filing a return under this section is entitled to the credit provided under section 57-38.5-03.
 14. An individual taxpayer filing a return under this section is entitled to the credit provided under section 57-38-01.21.
 15. A taxpayer filing a return under this section is entitled to the credits provided under sections 57-38-01.22 and 57-38-01.23.

57-38-30.4. Income tax credit for comprehensive health association assessments.

The amount of any assessment paid by any member of the comprehensive health association under subsection 3 of section 26.1-08-09 is a credit against the state income tax for which a member may be liable for the year which the assessment was paid.

57-38-30.5. Corporate income tax credit for research and experimental expenditures. Any corporation is allowed a credit against the tax imposed under this chapter for the taxable year equal to eight percent of the first one and one-half million dollars of the qualified research expenses for the taxable year in excess of the base period research expenses and equal to four percent of all qualified research expenses for the taxable year more than one and one-half million dollars in excess of the base period research expenses.

1. For purposes of this section:
 - a. "Base period research expenses" means base period research expenses as defined in section 41(c) of the Internal Revenue Code [26 U.S.C. 41(c)].
 - b. "Qualified research" means qualified research as defined in section 41(d) of the Internal Revenue Code [26 U.S.C. 41(d)], except it does not include research conducted outside the state of North Dakota.
 - c. "Qualified research expenses" means qualified research expenses as defined in section 41(b) of the Internal Revenue Code [26 U.S.C. 41(b)], except it does not include expenses incurred for basic research conducted outside the state of North Dakota.
2. The credit allowed under this section for the taxable year may not exceed the liability for tax under this chapter.
3. In the case of a corporation which is a partner in a partnership or a member in a limited liability company, the credit allowed for the taxable year may not exceed an amount separately computed with respect to the corporation's interest in the trade, business, or entity equal to the amount of tax attributable to that portion of the corporation's taxable income which is allocable or apportionable to the corporation's interest in the trade, business, or entity.

4. If the amount of the credit determined under this section for any taxable year exceeds the limitation under subsection 2, the excess may be used as a research credit carryback to each of the three preceding taxable years and a research credit carryover to each of the fifteen succeeding taxable years. The entire amount of the excess unused credit for the taxable year must be carried first to the earliest of the taxable years to which the credit may be carried and then to each successive year to which the credit may be carried. The amount of the unused credit which may be added under this subsection may not exceed the taxpayer's liability for tax less the research credit for the taxable year.
5. If a taxpayer acquires or disposes of the major portion of a trade or business or the major portion of a separate unit of a trade or business in a transaction with another taxpayer, the taxpayer's qualified research expenses and base period must be adjusted in the manner provided by section 41(f)(3) of the Internal Revenue Code [26 U.S.C. 41(f)(3)].

57-38-30.6. Corporate income tax credit for biodiesel production equipment costs.

A taxpayer is entitled to a credit against tax liability determined under section 57-38-30 in the amount of ten percent per year for five years of the taxpayer's direct costs incurred after December 31, 2002, to adapt or add equipment to retrofit an existing facility or adapting a new facility in this state for the purpose of producing or blending diesel fuel containing at least two percent biodiesel fuel by volume. For purposes of this section, "biodiesel" means fuel meeting the specifications adopted by the American society for testing and materials. The credit under this section may not exceed the taxpayer's liability as determined under this chapter for the taxable year and each year's credit amount may be carried forward for up to five taxable years. A taxpayer is limited to two hundred fifty thousand dollars in the cumulative amount of credits under this section for all taxable years. A taxpayer may not claim a credit under this section for any taxable year before the taxable year in which the facility begins production or blending of diesel fuel containing at least two percent biodiesel fuel by volume, but eligible costs incurred before the taxable year production or blending begins may be claimed for purposes of the credit under this section for taxable years on or after the taxable year production or blending begins.

57-38-31. Duty of individuals and fiduciaries to make return.

1. Every resident individual, every fiduciary for a resident individual, estate, or trust, who is required by the provisions of the United States Internal Revenue Code of 1954, as amended, to file a federal income tax return, and every individual or fiduciary who receives income derived from sources in this state, shall file an income tax return with the state tax commissioner in such form as the commissioner may prescribe. Any person who is required to file a state income tax return but not required to compute a federal taxable income figure for federal income tax purposes is required to compute such a federal taxable income figure using a pro forma return pursuant to the provisions of the Internal Revenue Code of 1954, as amended, in order to determine a starting point for the computation of state income tax. Any person required to file an income tax return pursuant to the provisions of the United States Internal Revenue Code of 1954, as amended, with respect to income that is exempt from taxation under this chapter either because it cannot be constitutionally taxed or because it is exempt by any provision of law shall file a return prescribed by the tax commissioner in such form as will permit computation of the tax liability under this chapter on only that part of the income which is subject to taxation pursuant to the provisions of this chapter; provided, that such person elects to use that form of return rather than any other form of return that may be prescribed. The return must be signed by the person required to make it and must contain a written declaration that it is made and subscribed under penalties of perjury.
2. The same filing status and deduction method used by a husband and wife when filing federal income tax returns must be used when filing state income tax returns.

3. If the taxpayer is unable to make the taxpayer's own return, the return must be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer.
4. Every fiduciary subject to taxation under the provisions of this chapter shall make a return for the individual, estate, or trust for which the fiduciary acts; the return must be signed by the person required to make it and must contain a written declaration that it is made and subscribed under penalties of perjury.
5. The return made by a fiduciary must state such facts as the tax commissioner may prescribe.
6. A fiduciary required to make a return under this chapter is subject to all of the provisions of the chapter which apply to an individual.
7. If required by the tax commissioner, the return must be accompanied by a true copy of the federal income tax return of the taxpayer or by equivalent information in the form and manner prescribed by the tax commissioner. A true copy of the federal income tax return of the taxpayer or equivalent information must be furnished to the tax commissioner by the taxpayer or fiduciary at any time after filing of the return required by this chapter if so required by the tax commissioner.
8. The tax commissioner may prescribe alternative methods for signing, subscribing, or verifying a return filed by electronic means, including telecommunications, that shall have the same validity and consequence as the actual signature and written declaration for a paper return.

57-38-31.1. Composite returns.

1. For purposes of this section, unless the context otherwise requires:
 - a. "Member" means an individual who is a shareholder of an S corporation; a partner in a general partnership, a limited partnership, or a limited liability partnership; a member of a limited liability company; or a beneficiary of a trust.
 - b. "Nonresident" means an individual who is not a resident of or domiciled in the state or a trust not organized in the state.
 - c. "Passthrough entity" means an entity that for the applicable tax year is treated as an S corporation under this chapter or a general partnership, limited partnership, limited liability partnership, trust, or limited liability company that for the applicable tax year is not taxed as a corporation under this chapter.
2.
 - a. A passthrough entity may file a composite income tax return on behalf of electing nonresident members reporting and paying income tax, at the highest marginal rate provided in section 57-38-30.3 for individuals, on the members' pro rata or distributive shares of income of the passthrough entity from doing business in, or deriving income from sources within, this state.
 - b. A nonresident member whose only source of income within the state is from one or more passthrough entities may elect to be included in a composite return filed under this section.
 - c. A nonresident member that has been included in a composite return may file an individual income tax return and shall receive credit for tax paid on the member's behalf by the passthrough entity.
3.
 - a. A passthrough entity shall withhold income tax, at the highest tax rate provided in section 57-38-30.3 for individuals, on the share of income of the entity

distributed to each nonresident member and pay the withheld amount in the manner prescribed by the tax commissioner. The passthrough entity is liable to the state for the payment of the tax required to be withheld under this section and is not liable to any member for the amount withheld and paid over in compliance with this section. A member of a passthrough entity that is itself a passthrough entity (a lower-tier passthrough entity) is subject to this same requirement to withhold and pay over income tax on the share of income distributed by the lower-tier passthrough entity to each of its nonresident members. The tax commissioner shall apply tax withheld and paid over by a passthrough entity on distributions to a lower-tier passthrough entity to the withholding required of that lower-tier passthrough entity.

- b. At the time of a payment made under this section, a passthrough entity shall deliver to the tax commissioner a return upon a form prescribed by the tax commissioner showing the total amounts paid or credited to its nonresident members, the amount withheld in accordance with this section, and any other information the tax commissioner may require. A passthrough entity shall furnish to its nonresident member annually, but not later than the fifteenth day of the third month after the end of its taxable year, a record of the amount of tax withheld on behalf of such member on a form prescribed by the tax commissioner.
- c. Notwithstanding subdivision a, a passthrough entity is not required to withhold tax for a nonresident member if:
 - (1) The member has a pro rata or distributive share of income of the passthrough entity from doing business in, or deriving income from sources within, this state of less than one thousand dollars per annual accounting period;
 - (2) The tax commissioner has determined by rule, ruling, or instruction that the member's income is not subject to withholding;
 - (3) The member elects to have the tax due paid as part of a composite return filed by the passthrough entity under subsection 2; or
 - (4) The entity is a publicly traded partnership as defined by section 7704(b) of the Internal Revenue Code which is treated as a partnership for the purposes of the Internal Revenue Code and which has agreed to file an annual information return reporting the name, address, taxpayer identification number, and other information requested by the tax commissioner of each unitholder with an income in the state in excess of five hundred dollars.

57-38-32. Duty of corporations to make returns. Each corporation that receives income from the sources designated in section 57-38-30, whether or not required to file an income tax return pursuant to the provisions of the United States Internal Revenue Code of 1954, as amended, shall, unless exempted by the provisions of section 57-38-09, make a return in such form as the tax commissioner may prescribe, stating specifically such facts as the tax commissioner may require for the purpose of making any computation required by this chapter. Any corporation which is required to file a state income tax return but not required to compute a federal taxable income figure for federal income tax purposes is required to compute such a federal taxable income figure using a pro forma return pursuant to the provisions of the Internal Revenue Code of 1954, as amended, in order to determine a starting point for the computation of state income tax. Any foreign loan and investment company engaged in business in this state, and whose income in this state consists solely of income exempt from taxation under this chapter, need not file an annual report unless specially requested to do so by the tax commissioner, but may file in lieu thereof an affidavit claiming exemption under this chapter. The return must be signed by the president, vice president, treasurer, assistant treasurer, chief

accounting officer, or any other officer duly authorized so to act and it and any other declaration, statement, or document required to be made must contain or be verified by a written declaration that it is made under the penalties of perjury. The tax commissioner may prescribe alternative methods for signing, subscribing, or verifying a return filed by electronic means, including telecommunications, that shall have the same validity and consequence as the actual signature and written declaration for a paper return.

57-38-33. Failure to complete return or supply information. If the tax commissioner is of the opinion that any person has failed to include in a return as filed, or to provide during the course of an audit, either intentionally or through error or for any other reason, information necessary to properly determine North Dakota taxable income, the tax commissioner may require from that person an amended return or any supplementary information as is necessary to properly and accurately determine a person's North Dakota taxable income, in the form as the tax commissioner shall prescribe. If the person fails or refuses to file the amended return or to furnish the supplementary information requested, the tax commissioner may, after thirty days' notice, determine the North Dakota taxable income of the person from the best information available and assess any tax due, including interest and penalty. If the tax commissioner finds that the taxpayer's failure to provide an amended return or supplementary information was unreasonable and willful, the assessment of tax is final as to the tax commissioner. A North Dakota district court may reverse the tax commissioner's assessment only if it finds that the taxpayer's failure was not willful or that the tax commissioner's request was unreasonable.

57-38-34. Time and place of filing returns - Interest on tax when time for filing is extended.

1. Returns must be in such form as the tax commissioner from time to time may prescribe and may include the requirement that a copy of the taxpayer's federal income tax return or a portion thereof or information reflected thereon be attached to, furnished with, or included in the taxpayer's state income tax return. The taxpayer's state income tax return must contain a method for the taxpayer to identify the school district in which the taxpayer resides and must be filed with the tax commissioner's office in Bismarck, North Dakota. The tax commissioner shall prepare blank forms for use in making returns and shall cause them to be distributed throughout this state, but failure to receive or secure a form does not relieve a taxpayer from making a return.
2. Returns made on the basis of the calendar year must be filed on or before the fifteenth day of April following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the fourth month following the close of the fiscal year.
3. Returns for cooperatives, domestic international sales corporations, and foreign sales corporations, however, made on the basis of the calendar year must be filed on or before the fifteenth day of September following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the ninth month following the close of the fiscal year.
4. Returns for exempt organizations required to report unrelated business taxable income under subsection 2 of section 57-38-09 made on the basis of the calendar year must be filed on or before the fifteenth day of May following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the fifth month following the close of the fiscal year.
5. A taxpayer actively serving in the armed forces or merchant marine, outside the boundaries of the United States, may defer the filing of an income tax return and the payment of the income tax until such time as the federal income tax return is required to be filed at which time the state income tax return, with payment of tax, will also be due. No interest or penalty accrues to the date of such filing.

6. The tax commissioner may grant a reasonable extension of time for filing a return when, in the judgment of the tax commissioner, good cause exists.

57-38-34.1. Optional card income tax return. Repealed by S.L. 2001, ch. 526, § 3.

57-38-34.2. Filing of separate income tax returns by a husband and wife after joint income tax returns have been filed. Repealed by S.L. 1989, ch. 710, § 4.

57-38-34.3. Optional contributions to nongame wildlife fund. An individual taxpayer may designate on the tax return of that individual a contribution to the nongame wildlife fund of any amount of one dollar or more to be added to tax liability or deducted from any refund that would otherwise be payable by or to the individual. On the individual state income tax return the tax commissioner shall notify the individual of this optional contribution. The amount of these optional contributions must be transferred by the tax commissioner to the state treasurer for deposit in the nongame wildlife fund for use as provided in section 20.1-02-16.2.

57-38-34.4. Requirement to report federal changes.

1. If a person's federal taxable income or federal income tax liability for any taxable year is changed or corrected by the United States internal revenue service, or other competent authority, the person shall report the changes or corrections within ninety days after the date of the final determination of them by filing an amended state income tax return or other information as required by the tax commissioner.
2. Notwithstanding the provisions of subsection 1, if a person files an amended federal income tax return for any taxable year, the person shall file an amended state income tax return and a copy of the amended federal income tax return within ninety days after the amended federal income tax return is filed.

57-38-34.5. Optional contributions to centennial tree program trust fund. Expired under S.L. 1991, ch. 573, § 2.

57-38-34.6. Optional contributions to trees for North Dakota program trust fund. An individual may designate on the tax return of that individual a contribution to the trees for North Dakota program trust fund of any amount of one dollar or more to be added to tax liability or deducted from any refund that would otherwise be payable by or to the individual. The tax commissioner shall notify taxpayers of this optional contribution on the individual state income tax returns. The tax commissioner shall transfer the amount of optional contributions under this section to the state treasurer for deposit in the trees for North Dakota program trust fund for use as provided in chapter 4-21.2.

57-38-35. Payment of tax. Every taxpayer shall compute the amount of tax due under the return and shall attach thereto a check, draft, or money order, payable to the state tax commissioner, Bismarck, North Dakota, for the amount of the tax computed.

57-38-35.1. Minimum refunds and collections - Application of refunds.

1. No refunds may be made by the tax commissioner to any taxpayer unless the amount to be refunded, including interest, is at least five dollars. Notwithstanding the provisions of section 57-38-55, the tax commissioner shall transfer any amount that is not refunded to a taxpayer under this subsection to the state treasurer for deposit in the organ transplant support fund.
2. No remittance of tax need be made nor any assessment or collection of tax should be made unless the amount is at least five dollars, including penalties and interest.
3. All refunds and credits for overpayment to any taxpayer, including excess income tax withheld or overpayment of estimated tax, may be applied to payment of

taxpayer's unpaid tax, interest, or penalty or delayed until taxpayer's delinquent returns have been filed.

57-38-35.2. Interest payments.

1. Interest at the rate of one percent per month or fraction of a month must be allowed and paid upon overpayments of tax as follows:
 - a. Interest on refunds arising from excess income tax withholding or overpayment of estimated tax accrues for payment forty-five days after the due date of the return or after the date the return was filed, whichever comes later.
 - b. Interest on refunds arising from amended returns or claims made for credit or refund accrues for payment from the due date of the return to the date of payment of the refund excepting the month in which the return was required to be filed.
 - c. Interest on refunds arising from net operating loss carrybacks or capital loss carrybacks accrues for payment from the due date of the return for the year, determined without regard to extensions of the time for filing, giving rise to the loss carryback, to the date of payment of the refund, except that no interest accrues if the refund payment is made within forty-five days of the date the amended return or claim is filed to claim the refund attributable to the net operating loss or capital loss carryback.
2. No interest may be paid on refunds arising from amended returns or other claims filed for taxable years beginning before January 1, 1979.

57-38-36. When payment of tax may be made in quarterly installments. Repealed by S.L. 1983, ch. 637, § 1.

57-38-37. Receipt. The tax commissioner, as soon as possible after the receipt of the return and remittance, if paid by cash or currency, shall issue a receipt to the taxpayer for the amount of the taxpayer's remittance. Such receipt is not a receipt in full for the amount of the tax due, but only for the remittance made by the taxpayer.

57-38-38. Tax commissioner to audit returns and assess tax.

1. Except as otherwise provided in this section, the tax commissioner shall proceed to audit the returns of taxpayers and, not later than three years after the due date of the return, or three years after the return was filed, whichever period expires later, assess the tax and, if any additional tax is found due, shall notify the taxpayer in detail as to the reason for the increase.
2. For taxable years beginning before January 1, 1991, as to any corporation or other person whose principal place for managing or directing a business is outside North Dakota, the tax commissioner has six years after the due date of the return or six years after the return was filed, whichever period expires later, to audit the return of the corporation or other person and assess any additional tax found due. Effective for the taxable years beginning after December 31, 1990, and before January 1, 1993, the tax commissioner has five years to audit the return of the corporation or other person and assess any additional tax found due. Effective for taxable years beginning after December 31, 1992, and before January 1, 1995, the time period for assessment under this subsection is four years. Effective for taxable years beginning after December 31, 1994, the time period for assessment under this subsection is three years.
3. If there is a change in taxable income or income tax liability by an amount which is in excess of twenty-five percent of the amount of taxable income or income tax liability

stated in the return as filed, any additional tax determined to be due may be assessed at any time within six years after the due date of the return, or six years after the return was filed, whichever period expires later.

4. If a person has failed to file a return of income as required by this chapter, the tax may be assessed under section 57-38-33 or subsection 6 of section 57-38-45, or an action brought under section 57-38-47, at any time within ten years after the due date of the return.
5. If false or fraudulent information is given in the return, or if the failure to file a return is due to the fraudulent intent or the willful attempt of the taxpayer in any manner to evade the tax, the time limitations in this section do not apply, and the tax may be assessed at any time.
6.
 - a. If a person files an amended state income tax return, or other information as required by the tax commissioner, pursuant to section 57-38-34.4, the tax commissioner has two years after the amended state income tax return, or other information as required by the tax commissioner, is filed to audit the state income tax return and assess any additional state income tax attributable to the changes or corrections made by the United States internal revenue service, or other competent authority, or that is attributable to the amended federal income tax return, even though other time periods prescribed in this section for the assessment of tax may have expired. The provisions of this subsection do not limit or restrict any other time period prescribed in this section for the assessment of tax that has not expired as of the end of the two-year period prescribed in this subsection.
 - b. For taxable years beginning before January 1, 1991, any person who consents to an extension of time for the assessment of taxes with the internal revenue service shall be presumed to have consented to a similar extension of time for the assessment or refund of state income tax with the state tax commissioner. Refunds under this subdivision are limited to tax years beginning after July 1, 1983.
 - c. If a determination is made under subdivision a that additional tax is due and the tax commissioner has previously refunded income taxes related to the amended return or claim, subsection 2 of section 57-38-45 does not apply to the refunded amount.
7. If a person fails to file an amended state income tax return, or other information as required by the tax commissioner, under section 57-38-34.4, the tax commissioner may assess any additional tax found due which is attributable to the changes or corrections made by the United States internal revenue service, or other competent authority, or which is attributable to the amended federal income tax return, at any time, even though other time periods prescribed in this section may have expired.
8. If before the expiration of the time periods prescribed in subsections 1, 2, and 3 the tax commissioner and a person consent in writing to an extension of time for the assessment of the tax, an assessment of additional state income tax may be made at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. If a person refuses to consent to an extension of time or a renewal thereof, the tax commissioner may make an assessment based on the best information available. The period agreed upon in this subsection, including extensions, expires upon issuance of an assessment by the tax commissioner.
9. Except for an amended return required to be filed under section 57-38-34.4, if a person files an amended state income tax return within the time periods prescribed

in subsections 1, 2, and 3 of this section or subsections 1 and 2 of section 57-38-40, the tax commissioner has two years after the amended state income tax return is filed to audit the state income tax return and assess any additional state income tax attributable to the changes or corrections on the amended return, even though other time periods prescribed in this section for the assessment of tax may have expired. The provisions of this subsection do not limit or restrict any other time period prescribed in this section for the assessment of tax that has not expired at the end of the two-year period prescribed in this subsection.

57-38-39. Deficiency, protest, and appeal.

1. When tax is understated on a return because of a mathematical or clerical error, the tax commissioner shall notify the person of the nature of the error and the amount of additional tax due. This notice is not a notice of deficiency and the person has no right to protest.
2. If upon audit the tax commissioner finds additional tax due, the tax commissioner shall notify the person of the deficiency in the tax payment. Such notice of deficiency must be sent first-class mail and must assess the amount of additional tax due and set forth the reasons for the increase.
3. A person has thirty days, ninety days if the person is outside the United States, to file a written protest objecting to the tax commissioner's assessment of additional tax due. The protest must set forth the basis for the protest and any other information which may be required by the tax commissioner. If a person fails to file a written protest within the time provided, the amount of additional tax assessed in the notice of deficiency becomes finally and irrevocably fixed. If a person protests only a portion of the tax commissioner's finding, the portion which is not protested becomes finally and irrevocably fixed.
4. If a protest is filed, the tax commissioner shall reconsider the assessment of additional tax due. The reconsideration may include further examination by the tax commissioner or the tax commissioner's representative of a person's books, papers, records, or memoranda. The tax commissioner, upon request, may grant the person an informal conference.
5. Within a reasonable time after the protest, the tax commissioner shall mail to the taxpayer a notice of reconsideration and assessment which must respond to the person's protest and assess the amount of additional tax due. The amount set forth in that notice becomes finally and irrevocably fixed unless the person within thirty days commences formal administrative review as provided for in chapter 28-32 by the filing of a complaint.
6. Upon written request, the tax commissioner may grant an extension of time to file a protest as provided for in subsection 3 or an extension of time to commence formal review as provided in subsection 5.
7. In all cases in which the tax commissioner finds that a person has an obligation to file an income tax return in North Dakota and has failed to do so, the tax commissioner shall notify the person by first-class mail of the tax commissioner's finding and of the remedies provided for in sections 57-38-33, 57-38-45, and 57-38-47. The remedies provided for in the above-listed sections are mutually exclusive and if a person fails to file an income tax return after being notified, the tax commissioner may elect a remedy under which to proceed. If the tax commissioner elects to take the action provided for in section 57-38-33 or subsection 6 of section 57-38-45, the amount so assessed is not reviewable.

57-38-40. Claim for credit or refund.

1. Except as otherwise provided in this section, a person may file a claim for credit or refund of an overpayment of any tax imposed by this chapter within three years after the due date of the return or within three years after the return was filed, whichever period expires last.
 - a. As to any corporation or other person whose principal place for managing or directing a business is outside North Dakota, if the period for assessment remains open under subsection 2 of section 57-38-38, the period of time for filing of a claim for credit or refund will remain open for the same period prescribed in subsection 2 of section 57-38-38.
 - b. An individual who filed a return of income as a resident of this state and is assessed tax by another state or territory of the United States or the District of Columbia on that income after the time for filing a claim has expired under this section is entitled to a credit or refund for the amount of tax paid to the other jurisdiction, not including penalty or interest, as provided under subsection 2 or 6 of section 57-38-04 or subsection 4 of section 57-38-30.3, notwithstanding the time limitations of this section. The claim for the credit or refund under this subdivision must be submitted to the commissioner within one year from the date the taxes were paid to the other jurisdiction. The taxpayer must submit sufficient proof to show entitlement to a credit or refund under this subdivision.
2. If there is a change in taxable income or income tax liability by an amount which is in excess of twenty-five percent of the amount of taxable income or income tax liability stated in the return as filed, a person may file a claim for credit or refund of any tax imposed by this chapter within six years after the due date of the return or within six years after the return was filed, whichever period expires last. The provisions of this subsection do not create or increase any net operating loss otherwise recognized under this chapter for purposes of carryover to any subsequent taxable period or carryback to any prior taxable period.
3. A corporation may file a claim for credit or refund of an overpayment of tax resulting from the carryback of a net operating loss under subsection 3 of section 57-38-01.3, or resulting from a federal capital loss carryback, within three years after the prescribed due date for filing the return, including extensions, for the tax year in which the loss was incurred. The provisions of this subsection applicable to net operating losses are ineffective for loss years beginning after December 31, 2002.
4. A person other than a corporation may file a claim for credit or refund of an overpayment of tax resulting from the carryback of a net operating loss within three years after the prescribed due date for filing the return, including extensions, for the tax year in which the loss was incurred. The provisions of this subsection are effective for loss years beginning after December 31, 1986.
5. Notwithstanding any other provision in this section, if any taxpayer, with or without intent to evade any tax imposed by this chapter, fails to file a state income tax return within three years after the due date of the return prescribed in this chapter, no credit or refund of overwithheld income tax or overpaid estimated income tax may be made.
6. If any person consents to an extension of time for the assessment of state income tax, under subsection 8 of section 57-38-38, the period of time for filing a claim for credit or refund will be similarly extended. Provided, however, if an assessment is issued, the taxpayer has sixty days from the assessment to file a claim for refund. If a claim for refund is filed in any year extended by an agreement under subsection 8 of section 57-38-38, the tax commissioner may assess additional tax for any year extended by the same agreement which has otherwise expired. The additional assessment is limited to issues raised in the claim for refund.

- Page No. 44

10. If the tax commissioner disallows a claim for credit or refund, in part or in full, the tax commissioner shall notify the taxpayer accordingly. The decision of the tax commissioner denying a claim for credit or refund is final and irrevocable thirty days after the date the notice is mailed to the taxpayer unless, within this thirty-day period, the taxpayer has filed a protest with the tax commissioner.
11. The protest shall set forth the grounds on which the protest is based, along with any other information as may be required by the tax commissioner. If the taxpayer has so requested, the tax commissioner may grant the taxpayer or the authorized representative of the taxpayer an informal conference.
12. The tax commissioner shall reconsider the denial of the claim for credit or refund after the filing of a protest. The reconsideration may include the further examination by the tax commissioner or the authorized representative of the tax commissioner of a taxpayer's books, papers, records, or memoranda, including corporate minutes and committee notes.
13. Within a reasonable period of time after protest, the tax commissioner shall notify the taxpayer of the tax commissioner's reconsideration of claim for credit or refund. If the decision of the tax commissioner is a denial, the decision is final and irrevocable unless the taxpayer within thirty days following the date of the tax commissioner's decision seeks formal administrative review of the tax commissioner's reconsideration of claim for credit or refund by filing a complaint and requesting an administrative hearing. The complaint must be personally served on the tax commissioner or sent by certified mail. The provisions of chapter 28-32 shall apply to and govern the administrative hearing procedure, including appeals from any decision rendered by the tax commissioner. Upon written request of a taxpayer, the tax commissioner may grant a reasonable extension of time for the filing of a complaint.
14. If the tax commissioner determines that an amount in excess of the correct amount of tax, interest, or penalty due from any person has been paid by or on behalf of that person because of income tax withheld or estimated tax paid, the tax commissioner may approve a refund of the excess amount which shall be paid to that person in the manner provided for payment of other claims against the state, except that it shall not be necessary to first file a claim for refund if the amount to be refunded was paid with respect to a return or report filed by that person with the tax commissioner in the form prescribed therefor.
15. If the tax commissioner determines there has been an overpayment of tax, any overpaid penalty and interest on that tax must be refunded or credited by the tax commissioner. If interest is paid under section 57-38-35.2, no interest will be paid under this subsection.

57-38-40.1. Income tax refund reserve. A reserve for income tax refunds is hereby created as a special fund in the state treasury. The state tax commissioner shall deposit in such fund such amounts from income tax collections as the commissioner deems necessary to pay refunds to which taxpayers may be entitled under the provisions of this chapter and appropriated pursuant to section 12 of article X of the Constitution of North Dakota.

57-38-41. Appeal. Repealed by S.L. 1945, ch. 293, § 1.

57-38-42. Information at the source. Information as to income must be furnished at the source in the manner following:

1. Except for employers subject to sections 57-38-59 through 57-38-61, every person, a resident of, or having ownership of property with a situs in, or carrying on a trade or business in, this state, including officers and employees of this state or of any political subdivision within this state, making payment of rents, compensation for

personal or professional services performed in this state, or other fixed or determinable annual or periodical gains, profits, and income during the calendar year to any taxpayer shall make a complete return thereof to the tax commissioner, in the form and manner prescribed by the tax commissioner. This subsection applies only if an information return for the same item is also required to be filed for federal income tax purposes. Except for those payments from which state income tax was withheld, interest, dividend, pension, and annuity payments are excluded from the reporting requirements of this subsection; provided, if any person has withheld state income tax from an interest, dividend, pension, or annuity payment, that person must be deemed to be an employer for purposes of sections 57-38-59 through 57-38-61 and shall comply with the requirements of those sections. For purposes of this subsection, the tax commissioner is authorized to prescribe rules to specifically exclude items that are otherwise required to be reported under this subsection from the reporting requirements of this subsection if, in the tax commissioner's judgment, the reporting of the items does not contribute to the effective administration of the state's income tax laws.

2. Every partnership carrying on a trade or business in this state shall make a return, stating specifically the items of its gross income and the deductions allowed by this chapter, and shall include in the return the name, address, social security number or federal identification number, whichever applies, and the amount of the distributive share of each partner.
3. All information returns required under subsection 1 must be made on the basis of a calendar year for payments made during the calendar year and must be filed with the tax commissioner on or before the due date for filing similar returns with the internal revenue service. All partnership returns required under subsection 2 must be made on or before the fifteenth day of the fourth month following the close of the fiscal year of the partnership required to make the return, or if the return is made on the basis of a calendar year, then the return must be made on or before the fifteenth day of April in the year following the calendar year for which such return is made.
4. Each information return required under subsection 1 must be deemed to be filed with the tax commissioner if the person required to make the return files with the tax commissioner a copy of the information return along with a copy of the transmittal form required to be filed with the internal revenue service. Each partnership return required under subsection 2 must be signed and must contain or be verified by a written declaration that it is made under the penalties of perjury.
5. Each information return required under subsection 1 must be deemed to be filed with the tax commissioner if the person required to make the return has filed an information report on magnetic tape with the United States internal revenue service. All such persons who have received permission from the United States internal revenue service to file on magnetic tape must notify the tax commissioner, by letter, within thirty days of obtaining such permission. This subsection is conditioned on the existence of an agreement between the state of North Dakota and the United States internal revenue service to participate in combined federal-state information reporting.
6. In case of failure to file an information at the source return as required by subsection 1 by the date prescribed in subsection 3, and after thirty days' notice to file is given by the tax commissioner, the tax commissioner may assess a penalty of ten dollars for each failure to file, not to exceed two thousand dollars. In case of failure to file a partnership return as required by subsection 2 on the date prescribed in subsection 3, and after thirty days' notice to file is given by the tax commissioner, the tax commissioner may assess a penalty of five hundred dollars for each failure to file.

57-38-43. Interest on delinquent tax. Repealed by S.L. 1969, ch. 514, § 4.

57-38-44. Tax a personal debt. Every tax imposed by this chapter, and all increases, interest, and penalties thereon, becomes, from the time it is due and payable, a personal debt from the person or corporation liable to pay the same to this state.

57-38-45. Interest and penalties.

1. In addition to other increases to tax and penalty prescribed in this chapter, a taxpayer is subject to interest as follows:
 - a. Any taxpayer who requests and is granted an extension of time for filing a return shall pay, with the tax, interest on the tax at the rate of twelve percent per annum from the date the tax would have been due if the extension had not been granted to the date the tax is paid.
 - b. If any amount of tax imposed by this chapter, including tax withheld by an employer, is not paid on or before the due date or extended due date for the payment, there must be added to the tax interest at the rate of one percent per month or fraction of a month during which the tax remains unpaid, computed from the due date of the return to the date paid excepting the month in which the return was required to be filed or the tax became due.
 - c. If upon audit an additional tax is found to be due, there must be added to the additional tax due interest at the rate of one percent of the additional tax for each month or fraction of a month during which the tax remains unpaid, computed from the due date of the return to the date paid, excepting the month in which the return was required to be filed or the tax became due.
 - d. If the mathematical verification of a taxpayer's return results in additional tax due, there must be added to the additional tax interest at the rate of one percent of the additional tax due for each month or fraction of a month during which the tax remains unpaid, computed from the due date of the return to the date paid, excepting the month in which the return was required to be filed or the tax became due.
 - e. If a deficiency is determined for a tax period for which there was an overpayment that was applied to the following tax period's estimated tax under subsection 6 of section 57-38-62, interest accrues with respect to the amount of the deficiency that is equal to or less than the amount of the overpayment applied from the estimated tax payment date to which the overpayment was applied.
 - f. If a deficiency is determined for a tax period for which there was an overpayment of estimated tax that was refunded, interest accrues, with respect to the amount of the deficiency which is equal to or less than the amount of the overpayment of estimated tax refunded, from the date of payment of the refund.
2. In addition to the tax and interest prescribed in this chapter, a taxpayer is subject to penalties as follows:
 - a. If any taxpayer, without intent to evade any tax imposed by this chapter, shall fail to pay the amount shown as tax due on any return, including tax withheld by an employer, filed on or before the due date or extended due date prescribed therefor, there shall be added to the tax a penalty of five percent thereof, or five dollars, whichever is greater.
 - b. If any taxpayer, without intent to evade any tax imposed by this chapter, shall fail to file a return, including the employer's withheld tax return, on or before the due date or extended due date prescribed therefor, there shall be added a penalty equal to five percent of the tax required to be reported, or five dollars,

whichever is greater, if the failure is for not more than one month, counting each fraction of a month as an entire month, with an additional five percent for each additional month or fraction thereof during which the failure continues, not exceeding twenty-five percent in the aggregate.

- c. If upon audit of a taxpayer's return, including tax withheld by an employer, an additional tax is found to be due, there shall be added to the tax the penalty as prescribed in subdivision a or b.
 - d. If the mathematical verification of a taxpayer's return, including tax withheld by an employer, results in additional tax due, there shall be added to the tax the penalty as prescribed in subdivision a or b.
 - e. The provisions of subdivision a, b, c, or d do not apply to the extent it has been determined that the taxpayer has offsetting overpayments of income taxes which have not been refunded.
3. Any person including any officer or employee of any corporation or any member or employee of any partnership or any member, employee, governor, or manager of a limited liability company who, with intent to evade any requirement of this chapter, shall fail to pay any tax, or to make, sign, or verify any return, or to supply any information required by law, or under the provisions of this chapter, or who with like intent shall make, render, sign, or verify any false or fraudulent information, shall be subject to a penalty of not more than one thousand dollars to be recovered by the attorney general, in the name of the state, by action in any court of competent jurisdiction. Such person shall also be guilty of a class A misdemeanor.
4. In case any person or any corporation fails to pay any tax, addition to tax, interest, or penalty imposed by this chapter, the attorney general shall bring action for the recovery of the amount of the tax, addition to tax, interest, or penalty which may be due, in the name of the state, in any court of competent jurisdiction.
5. The tax commissioner may for good cause shown waive all or any part of any civil penalty or interest that attached pursuant to the provisions of this chapter.
6. If any taxpayer who has failed to file a return and has been notified by the tax commissioner of the delinquency, refuses or neglects within thirty days after such notice to file a proper return, the tax commissioner shall determine the income of such taxpayer according to the best information available, and shall assess the tax at not more than double the amount so determined. The appropriate interest and penalty prescribed in subsections 1 and 2 shall also be added.
7. If any corporation fails to file an income tax return as required by section 57-38-32 on the date prescribed in section 57-38-34, and after thirty days' notice to file is given by the tax commissioner, the tax commissioner may assess a penalty of up to five hundred dollars for each failure to file.

57-38-46. Certificate of tax commissioner prima facie evidence. The certificate of the tax commissioner to the effect that a tax has not been paid, or that a return has not been filed, or that information has not been supplied, as required by or under the provisions of this chapter, is prima facie evidence that such tax has not been paid, that such return has not been filed, or that such information has not been supplied.

57-38-47. Mandamus to compel filing return. If any taxpayer fails to file a return within sixty days after the time prescribed in this chapter and refuses to file such return within thirty days after having been notified by the tax commissioner to do so, any judge of the district court, upon petition of the tax commissioner, shall issue a writ of mandamus requiring such person to file a return. The order or notice upon the petition shall be returnable not more than ten days after the filing of the petition. The petition must be heard and determined on the return day, or on

such day thereafter as the court shall fix, having regard to the speediest possible determination of the case consistent with the rights of the parties. The judgment must include costs in favor of the prevailing party. All writs and process may be issued from the clerk's office in any county and, except as aforesaid, must be returnable as the court shall order.

57-38-48. Lien of tax. Whenever any taxpayer liable to pay a tax or penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, is a lien in favor of the state of North Dakota upon all property and rights to property, whether real or personal, belonging to said taxpayer. Such lien attaches at the time the tax becomes due and payable and continues until the liability for such amount is satisfied.

57-38-49. Preservation of lien. Any mortgagee, purchaser, judgment creditor, or lien claimant acquiring any interest in, or lien on, any property situated in the state, prior to the commissioner filing in the central indexing system maintained by the secretary of state a notice of the lien provided for in section 57-38-48, takes free of, or has priority over, the lien. The commissioner shall index in the central indexing system the following data:

1. The name of the taxpayer.
2. The tax identification number or social security number of the taxpayer.
3. The name "State of North Dakota" as claimant.
4. The date and time the notice of lien was indexed.
5. The amount of the lien.

The notice of lien is effective as of eight a.m. next following the indexing of the notice. Any notice of lien filed by the commissioner with a recorder may be indexed in the central indexing system without changing its original priority as to property in the county where the lien was filed. The commissioner shall index any notice of lien with no payment of fees or costs to the secretary of state.

57-38-50. Satisfaction of lien. Upon payment of the tax, together with any accrued penalties and interest, as to which the commissioner has filed a notice of lien, the commissioner shall index a satisfaction of the lien in the central indexing system without fees or costs.

57-38-51. Enforcement of lien. The attorney general, upon the request of the tax commissioner, shall bring suit without bond, to enforce payment of any taxes and penalties, and to foreclose any lien provided for in this chapter, and, in such action, the attorney general shall have the assistance of the state's attorney of the county in which the action is brought. The foregoing remedy of the state is cumulative and no action taken by the tax commissioner or attorney general may be construed to be an election on the part of the state or any of its officers to pursue any remedy to the exclusion of any other remedy provided by law for the enforcement or collection of an income tax or penalty or interest.

57-38-52. Field auditors. Repealed by S.L. 1983, ch. 630, § 2.

57-38-53. Oath and acknowledgment. The tax commissioner, and such other officers as the tax commissioner may designate, has the power to administer an oath to any person, or to take the acknowledgment of any person, in respect to any return or report required by this chapter, or by the rules and regulations of the tax commissioner.

57-38-54. Publication of statistics. The tax commissioner shall prepare and publish biennially statistics reasonably available with respect to the operation of this chapter, including amounts collected, classification of taxpayers, and such other facts as are deemed pertinent and valuable. The commissioner shall publish the tax rate imposed under section 57-38-30.3 as a

percentage of adjusted federal tax liability and as the corresponding range of marginal tax rates as if the tax were imposed on taxable income.

57-38-55. Disposition of revenues. As soon as practicable, after receipt thereof, the tax commissioner shall turn over to the state treasurer all income taxes collected by the tax commissioner. The state treasurer shall issue a receipt for such collections, which must be made a permanent record in the office of the tax commissioner. Such moneys must be deposited by the state treasurer to the credit of the general fund for the purpose of defraying the general expenses of the state government.

57-38-56. Powers of tax commissioner. The tax commissioner is charged with the administration of this chapter and shall enforce the assessment, levy, and collection of taxes imposed under this chapter. The tax commissioner has power to examine, or cause to be examined by any agent or representative designated by the tax commissioner for that purpose, any books, papers, records, or memoranda bearing upon the matters required to be included in any return or report under this chapter, and may require the attendance of the taxpayer or of any other person having knowledge in the premises, and may take testimony and require proof material for the tax commissioner's information. The tax commissioner may prescribe all rules, not inconsistent with the provisions of this chapter, necessary and advisable for its detailed and efficient administration, and may enter into reciprocal agreements with the authorized tax officials of other states to assist in the enforcement of this chapter and to avoid injustice to taxpayers from double taxation.

57-38-57. Secrecy as to returns - Penalty. The secrecy of returns must be guarded except as follows:

1. Except when otherwise directed by judicial order, or as is otherwise provided by law, the tax commissioner, the tax commissioner's deputies, agents, clerks, and other officers and employees, may not divulge nor make known, in any manner, whether or not any report or return required under this chapter has been filed, the amount of income, or any particulars set forth or disclosed in any report or return required under this chapter, including the copy or any portion thereof or information reflected in the taxpayer's federal income tax return that the tax commissioner may require to be attached to, furnished with, or included in the taxpayer's state income tax return. This provision may not be construed to prohibit the publication of statistics, so classified as to prevent the identification of particular reports or returns, and the items thereof, or the inspection by the attorney general or other legal representatives of the state of the report or return of any taxpayer who shall bring action to set aside or review the tax based thereon, or against whom an action or proceeding has been instituted to recover any tax or any penalty imposed by this chapter. This section does not prohibit disclosure of the fact that a report or return required under this chapter has not been filed if the disclosure is made to further a tax investigation being conducted by the tax commissioner. Reports and returns must be preserved for three years and thereafter until the tax commissioner orders them to be destroyed.
2. Repealed by S.L. 1975, ch. 106, § 673.
3. The tax commissioner, however, may permit the commissioner of internal revenue of the United States or the proper officer of any state or of the District of Columbia or of any territory of the United States, imposing an income tax similar to that imposed by this chapter, or the authorized representative of any such officer or the authorized agent of the multistate tax commission, to inspect the income tax returns of any taxpayer, or may furnish to such officer or the officer's authorized representative an abstract or copy of the return of income of any taxpayer, or supply the officer or representative with information concerning any item contained in any return, or disclosed by the report of any investigation of the income, or return of income, of any taxpayer, but such permission may be granted, or such information furnished, to such officers or representatives only if the statutes of the United States or of such

other state or of the District of Columbia or of a territory of the United States, as the case may be, grant substantially similar privileges to the proper officer of this state charged with the administration of this chapter; provided, that any information furnished or made available by the tax commissioner to any other person pursuant to this subsection may be used by such person only for tax administration purposes; and provided, further, that similar information furnished or made available to the tax commissioner by a representative or officer of the United States or of any other state or of the District of Columbia or a territory of the United States may be used by the tax commissioner only for tax administration purposes.

4. The tax commissioner is hereby authorized to furnish to workforce safety and insurance, to job service North Dakota, or to the secretary of state, upon their request a list or lists of employers showing only the names, addresses, and the tax department file identification numbers of such employers; provided, that any such list may be used only for the purpose of administering the duties of the requesting governmental unit.
5. Notwithstanding any other provision of law relating to confidentiality of information contained on returns, the tax commissioner may use information for income and withholding tax compliance purposes contained on any federal form W-2, federal form 1099, or a return filed under section 57-38-42.
6. The tax commissioner may furnish to the unclaimed property division of the board of university and school lands, upon its request, a taxpayer's name, address, and federal identification number for the sole purpose of identifying the taxpayer as the owner of an unclaimed voucher authorized by the tax commissioner.
7. The tax commissioner, upon written request from the director of the North Dakota lottery, may provide a written statement to the director, employees, or agents of the North Dakota lottery, in which the tax commissioner is limited to stating that the lottery retailer applicant has complied or not complied with the requirements of this chapter. The information obtained under this subsection is confidential and may be used for the sole purpose of determining whether the applicant meets the requirements of subsections 3, 4, and 5 of section 53-12.1-07.
8. The tax commissioner, upon written request from the secretary of commerce of the United States, may furnish officers and employees of the bureau of census an individual taxpayer's identification number and county of residence as reported on the individual's return. However, any information obtained may be used only for the purpose of establishing migration methodologies in estimating the annual shifts in the state's population. A person who receives return information under this subsection may not disclose the return information to any person other than the taxpayer to whom it relates except in a form that cannot be associated with, or otherwise identify, directly or indirectly, a particular taxpayer.

57-38-58. Definitions. Repealed by S.L. 1987, ch. 695, § 8.

57-38-59. Withholding from wages of employees - Penalty.

1. Every employer making payment of wages to employees shall deduct and withhold from their wages such percentage or percentages, as determined by the tax commissioner, multiplied times the total amount required to be deducted by an employer from wages of an employee under the provisions of the Internal Revenue Code of 1986, and as hereafter amended, as will approximate the income taxes due the state. The amount of tax withheld must be computed without regard to any other amount required to be withheld thereunder, but the tax withheld must as closely as possible pay any tax liability imposed by this chapter.

2. In the event that the tax deducted and withheld under subsection 1 should prove to be disproportionate to the tax liability, the tax commissioner may adjust the percentage that, when withheld, will, as closely as may be possible, pay the income tax liability imposed by this chapter.
3. The tax commissioner may, in lieu of the requirement above for deducting and withholding tax based upon a percentage of federal income tax withheld, adopt by rule tax tables that, when the tax provided for in the tables is withheld, will, as closely as possible, pay the income tax liability imposed by this chapter. When adopted by the tax commissioner, said tables must be followed by every employer required to deduct and withhold any tax imposed by this chapter.

57-38-59.1. Reciprocal arrangement with other states for withholding income taxes. The tax commissioner may enter into an agreement with the tax commissioner or other taxing officials of another state for the interpretation and administration of the acts of their several states providing for the collection of income tax at source on wages for the purpose of promoting fair and equitable administration of such acts and to eliminate duplicate withholding. The tax commissioner may furnish information on a reciprocal basis to the taxing officials of another state in order to implement the purposes set forth above.

57-38-59.2. Withholding of lottery winnings. The North Dakota lottery shall deduct and withhold five and fifty-four one-hundredths percent of the total proceeds of state lottery winnings as North Dakota withholding tax if the winnings are subject to withholding. For purposes of this section, "winnings subject to withholding" means the proceeds in excess of five thousand dollars won from a lottery game operated pursuant to chapter 53-12. Every person who receives a payment from the winnings that are subject to withholding shall furnish the lottery director with a statement, made under the penalties of perjury, containing the name, address, and taxpayer identification number of the recipient. The North Dakota lottery shall file returns as provided in section 57-38-60 and is liable for the payment of the tax required to be withheld but is not liable to any person for the amount of the payment.

57-38-60. Employer's returns and remittances.

1. Every employer shall, on or before the last day of April, July, October, and January, pay over to the tax commissioner the amount required to be deducted and withheld from wages paid to all employees during the preceding calendar quarter under section 57-38-59. If the amount required to be deducted and withheld from wages paid to all of an employer's employees during the previous calendar year was less than five hundred dollars, the employer may file an annual return. The tax commissioner may alter the time or period for making reports and payment when in the tax commissioner's opinion, the tax is in jeopardy, or may prescribe the use of any other time or period as will facilitate the collection and payment of the tax by the employer.
2. Every employer shall file a return on forms prescribed by the tax commissioner with each payment made to the tax commissioner under this section which shows the amount of tax imposed under this chapter which was deducted and withheld during the period covered by the return, and such other information as the tax commissioner may require.
3. Every employer required to withhold state income tax shall make an annual return to the tax commissioner on forms provided and approved by the tax commissioner, summarizing the total compensation paid, the federal income tax deducted and withheld, and the state income tax deducted and withheld during the calendar year. The annual return must be accompanied by a statement of the compensation paid, the federal income tax deducted and withheld, and the state income tax deducted and withheld for each employee. The annual return and accompanying statements must be filed with the tax commissioner on or before the due date for filing similar returns with the internal revenue service.

4. Every employer not required to withhold state income tax shall provide to the tax commissioner a statement of the compensation paid and the federal income tax deducted and withheld for each employee. The statement must be filed on or before the due date for filing similar returns with the internal revenue service.
5. In case of failure to timely file an information statement as required by subsections 3 and 4, and after thirty days' notice to file is given by the tax commissioner, the tax commissioner may assess a penalty of ten dollars for each failure to file, not to exceed two thousand dollars.
6. Every employer shall also, in accordance with rules adopted by the tax commissioner, provide each employee from whom state income tax has been withheld, with a statement of the amounts of total compensation paid and the amounts deducted and withheld for the employee during the preceding calendar year in accordance with section 57-38-59. The statement must be made available to the employee on or before January thirty-first of the year following that for which the report is made.
7. The employer shall be liable to the tax commissioner for the payment of the tax required to be deducted and withheld under section 57-38-59, and the employee shall not thereafter be liable for the amount of any such payment, nor shall the employer be liable to any person or to any employee for the amount of any such payment. For the purpose of making penalty provisions of this chapter applicable, any amount deducted or required to be deducted and remitted to the tax commissioner under this section shall be considered to be the tax of the employer and with respect to such amounts the employer is considered the taxpayer.
8. Every employer who deducts and withholds any amounts under section 57-38-59 shall hold the same in trust for the state of North Dakota for payment thereof to the tax commissioner in the manner and at the time provided for in this section, and the state of North Dakota shall have a lien on the property of the employer to secure the payment of any amounts withheld and not remitted as provided herein, which lien shall attach at the time prescribed and to the property described in section 57-38-48 and shall be subject to the provisions of sections 57-38-49, 57-38-50, and 57-38-51.
9. An employer, at the discretion of the tax commissioner, may be required to either make a cash deposit or post with the tax commissioner a bond or undertaking executed by a surety company authorized to do business in this state in an amount reasonably calculated to ensure the payment to the state of taxes deducted and withheld from wages.
10. An employer is not subject to this section or section 57-38-59 for wages paid to any employee solely for agricultural labor, as defined in section 3121(g) of the Internal Revenue Code [26 U.S.C. 3121(g)].
11. A payroll service provider authorized under the provisions of this chapter to file and remit withholding taxes on behalf of an employer shall file the returns required by subsections 2, 3, and 4, and pay any tax due, by electronic data interchange or other electronic media as determined by the commissioner. As used in this subsection, a "payroll service provider" means a person that, for federal tax purposes, electronically processes and transmits an employer's withholding returns and taxes, including wage information returns. The commissioner may waive, upon a showing of good cause, the requirement to file a return or pay the tax electronically.

57-38-60.1. Corporate officer liability.

1. If a corporation is an employer and fails for any reason to file the required returns or to pay the tax due, the president, vice president, secretary, or treasurer, jointly or severally, charged with the responsibility of supervising the preparation of such

returns and payments is personally liable for such failure. The dissolution of a corporation does not discharge an officer's liability for a prior failure of the corporation to file a return or remit the tax due. The taxes, penalty, and interest may be assessed and collected pursuant to the provisions of this chapter.

2. If the corporate officers elect not to be personally liable for the failure to file the required returns or to pay the tax due, the corporation must be required to make a cash deposit or post with the tax commissioner a bond or undertaking executed by a surety company authorized to do business in this state. The cash deposit, bond, or undertaking provided for in this section must be in an amount equal to the estimated annual income tax withholding liability of the corporation.

57-38-60.2. Governor and manager liability.

1. If a limited liability company is an employer and fails for any reason to file the required returns or to pay the tax due, the governors, managers, or members of a member-controlled limited liability company, jointly or severally, charged with the responsibility of the preparation of the returns and payments are personally liable for such failure. The dissolution of a limited liability company does not discharge a governor's, manager's, or member's liability for a prior failure of the limited liability company to file a return or remit the tax due. The taxes, penalty, and interest may be assessed and collected pursuant to the provisions of this chapter.
2. If the governors, managers, or members elect not to be personally liable for the failure to file the required returns or to pay the tax due, the limited liability company must be required to make a cash deposit or post with the tax commissioner a bond or undertaking executed by a surety company authorized to do business in this state. The cash deposit, bond, or undertaking provided for in this section must be in an amount equal to the estimated annual income tax withholding liability of the limited liability company.

57-38-61. Provisions of chapter applicable. The provisions of sections 57-38-33, 57-38-34, 57-38-38, 57-38-39, 57-38-40, 57-38-44, 57-38-45, 57-38-46, 57-38-47, 57-38-53, 57-38-54, 57-38-55, 57-38-56, and 57-38-57 shall, insofar as consistent therewith, govern the administration of sections 57-38-59, 57-38-60, and 57-38-60.1. The term "employer" as used in sections 57-38-59, 57-38-60, and 57-38-60.1 also means "taxpayer" as used in this chapter. In addition, the authority of the tax commissioner to adopt rules includes the authority to make such agreements with the United States government or any of its agencies as are necessary to provide for the deducting and withholding of tax from the wages of federal employees in this state.

57-38-62. Payment of estimated income tax.

1. An individual, estate, or trust that is subject to section 6654 of the Internal Revenue Code relating to a failure to pay federal estimated income tax shall, at the time prescribed in this chapter, pay estimated tax for the current taxable year. Notwithstanding any other provision of this section, an individual, estate, or trust whose net tax liability for the preceding taxable year was less than five hundred dollars is not required to pay estimated tax for the current taxable year. Married individuals who file a joint federal income tax return and are subject to section 6654 of the Internal Revenue Code must each be deemed to be subject to the federal provision. If payment of estimated tax is required, the individual, estate, or trust shall, at the time prescribed in this chapter, pay the lesser of the following:
 - a. An amount which, when added to the taxpayer's withholding, equals ninety percent of the taxpayer's current taxable year's net tax liability.

- b. An amount which, when added to the taxpayer's withholding, equals one hundred percent of the taxpayer's net tax liability for the immediately preceding taxable year.
 - (1) This subdivision does not apply to any taxpayer who was not required by this chapter to file a return for the immediately preceding taxable year, to an individual who moved into this state during the immediately preceding taxable year, or to an estate or trust that was not in existence for the entire immediately preceding taxable year. The amount under this subdivision must be deemed to be equal to the amount in subdivision a if this part applies.
 - (2) In order to satisfy the requirements of this subdivision, married individuals who are required to file separate state returns for the current taxable year but who were required to file a joint state return for the immediately preceding taxable year must each be required to pay estimated tax in an amount which, when added to the individual's withholding, equals the net tax liability which would have been computed for the immediately preceding taxable year if separate state returns had been required to be filed.
 - (3) In order to satisfy the requirements of this subdivision, married individuals who are required to file a joint state return for the current taxable year but were required to file separate state returns for the immediately preceding taxable year must be required to pay estimated tax in an amount which, when added to their withholding, equals the sum of their separate net tax liabilities for the immediately preceding taxable year.
- 2. A corporation shall, at the time prescribed in this chapter, pay estimated tax for the current taxable year if the corporation's estimated tax can reasonably be expected to exceed five thousand dollars and if the corporation's net tax liability for the immediately preceding taxable year exceeded five thousand dollars. If payment of estimated tax is required, the corporation shall, at the time prescribed in this chapter, pay the lesser of the following:
 - a. Ninety percent of the corporation's current taxable year's net tax liability.
 - b. One hundred percent of the corporation's net tax liability for the immediately preceding taxable year.
- 3. The provisions of section 57-38-45, except those provisions relating to the imposition of a penalty, apply in case of nonpayment, late payment, or underpayment of estimated tax. For purposes of applying the interest provisions of section 57-38-45, interest accrues on a per annum basis from the due date of an installment to the fifteenth day of the fourth month following the end of the current taxable year or, with respect to any portion of the estimated tax required to be paid, the date on which the portion thereof is paid, whichever date is earlier. Notwithstanding the other provisions of this section, no interest is due if the estimated tax paid on or before each due date under section 57-38-63 by a corporation is based on the annualized or adjusted seasonal method under section 6655 of the Internal Revenue Code. Notwithstanding the other provisions of this section, no interest is due if the estimated tax of an individual, estate, or trust is less than five hundred dollars per income tax return filed.
- 4. For purposes of this section, "estimated tax" means the amount that a taxpayer estimates to be income tax under this chapter for the current taxable year less the amount of any credits allowable, including tax withheld.

5. For purposes of this section, "net tax liability" means the amount of income tax computed for the taxable year as shown on the return less the amount of any credits allowable except tax withheld and estimated tax paid.
6. An individual or corporation may apply a tax overpayment from a preceding taxable year as an estimated tax payment on the individual's or corporation's behalf for the taxable year succeeding the overpayment. The individual or corporation may elect to apply the overpayment to specific estimated tax installments. If the individual or corporation does not specify the installment period toward which the overpayment is to be applied, the individual or corporation must be considered to have elected to apply the overpayment toward the first required estimated tax installment for the succeeding taxable year.

57-38-63. Due date for payment of estimated income tax. A taxpayer shall pay no less than one-quarter of the estimated tax to the tax commissioner on April fifteenth, June fifteenth, and September fifteenth of the taxable year, and January fifteenth of the following taxable year; provided, that a taxpayer having a taxable year other than a calendar year shall pay the estimated tax on the fifteenth day of the fourth, sixth, and ninth months of the taxable year, and the fifteenth day of the first month of the following taxable year.

57-38-64. Application for quick refund of overpaid estimated tax by a corporation. A corporation may, after the close of the taxable year and before the fifteenth day of the fourth month thereafter, file an application for an adjustment of an overpayment by it of estimated tax for the taxable year. A claim for credit or refund must be verified and paid as are other claims against the state. No application under this section may be allowed unless the amount of the adjustment exceeds five hundred dollars. No interest may accrue or be paid on any credit or refund allowed under this section as otherwise provided for under section 57-38-35.2.

57-38-65. Exemption. No transportation company is required to deduct and withhold with respect to wages paid to nonresident employees for work performed within North Dakota but whose total work during any one payroll period is performed within more than one state; provided, however, that any such employee furnish a certificate to the state tax commissioner that the employee will be taxable with respect to all such wages earned in North Dakota pursuant to this chapter.
